## **INTENDED DISSOLUTION OF THE GNP JOINT VENTURE**

According to the terms of the joint venture operating agreement, GNP is required to pay a Minimum Production Requirement of 1,100 ounces for 2016, 1,200 ounces for 2017, and 1,300 ounces for 2018 to both Goldrich and NyacAU by October 31, 2018. The Minimum Production Requirement for each year was determined based on the spot price of gold on December 1 of the preceding year.

Under the joint venture Operating Agreement, GNP will be dissolved if GNP fails to meet the Minimum Production Requirement. GNP's lease to mine the placer properties will terminate upon dissolution of GNP and GNP will have no further rights to mine the placer properties located on Goldrich's mining claims. NyacAU, the managing partner of GNP, anticipates that GNP will not meet the minimum production requirements by October 31, 2018.

Goldrich and NyacAU are currently in arbitration. The arbitration is proceeding on the basis that GNP will be dissolved. The first arbitration hearings were from July 19th through July 31st and the second arbitration hearings were from August 20<sup>th</sup> to August 28<sup>th</sup>. Goldrich and NyacAU are now awaiting the rulings of the arbitration panel. Under the terms of the Operating Agreement, rulings from the three-person arbitration panel are final. The outcome of the arbitration is not yet determined and cannot be estimated or assured.
