

Queensland production of saleable coal by individual mines (tonnes) FY2016 to FY2021

Updated - October 2021

The Department of Resources (Resources) has made a reasonable effort to ensure that the provided data is accurate and complete at the time of publishing. This information reflects data as reported to Resources and is a true and accurate representation of the data received. Authenticated information is only accurate as of the point in time of validation and verification. The department is not responsible for data that is misrepresented, misinterpreted or altered in any way. Derived conclusions and analysis generated from this data are not to be considered attributable to the department.

Please note, that this report may be revised or republished as further data is submitted to the department.
