COMPANY PROFILE

OUR STRUCTURE

Astoria is a Mauritian-domiciled global investment company with primary listings of its shares on the SEM and the JSE.

Astoria's board takes responsibility for the strategy and governance of the Company. The responsibility for managing Astoria's portfolio of assets rests with RECM Global, a Mauritian-domiciled investment advisory company associated with Piet Viljoen and Jan van Niekerk, who are both non-executive directors of Astoria.

OUR AIM

Astoria aims to grow its NAV per share, measured in USD, at a high real rate over time. If we manage to achieve this, we will also generate good returns in other currencies, including ZAR, in which many of our shareholders own their shares.

There are no restrictions on geography, currency, or type of investment in Astoria's mandate. We intend to utilize the full flexibility of this mandate, but a large part of RECM Global's experience, networks, history, and cultural understanding reside in South Africa. We look to invest the bulk of the portfolio in good businesses, partner with good management teams and do so at fair prices.

OUR APPROACH

When considering listed assets, our natural inclination leans toward "value investing". We are attracted to opportunities where investors extrapolate depressed conditions, underestimate future potential, or simply neglect assets. Forced selling, which often occurs due to loss of control through high leverage, client redemptions in open-ended funds, or just plain fatigue, adds to the pool of opportunities. And because transactions are easily executed on a screen, the seduction of immediate liquidity for sellers can create opportunities for us to buy such assets at prices well below fair value.

In privately negotiated transactions, however, "value investing" doesn't work. Our best investments have come from dealing with peers, where both parties want to work together and where both parties bring value to bear from complementary contributions. In most of these instances, value is not created by being overly sharp with the initial price paid, but rather through working together over a long time to build the business by implementing sensible expansion plans, serving customers better, maintaining assets properly, and returning excess capital to shareholders. When this process is followed, paying a fair price at inception of the transaction creates a win-win outcome.

² Astoria purchased a portfolio of assets from RAC on 1 December 2020 for \$19.3m. On conclusion of this transaction, Astoria's NAV per share was 40.1¢ (R6.12). This is the base from which we measure our progress in growing the NAV per Astoria share

SHAREHOLDER'S LETTER

To the Shareholders of Astoria Investments Ltd:

Astoria is off to a good start.

At the time of publishing our 2020 results, Astoria was preparing to re-establish trading of its shares after the distribution of most of its shares from RAC to RAC's shareholders. Our inaugural shareholder's letter was published in advance of this distribution to give investors an opportunity to assess the investment merits of Astoria and was aimed at the prospective shareholders of Astoria. Since the distribution, 8.2 million Astoria shares or about 14.5% of the issued shares, have changed hands. This, our second letter to shareholders, is addressed to the actual current owners of the Company.

As at 31 December 2021, Astoria's NAV per share amounted to 62.2¢ or R9.92. This reflects an increase for the year of 33.4% in USD and 45.3% in ZAR – after all fees and taxes. The rand depreciated by 8.9% over the period.

Since current management took over on 1 December 2020, the NAV per share has grown by 55.1% at a compound annual growth rate of 50.0% per annum in USD. The total ZAR return comes to 62.1% at a compound annual growth rate of 56.2%. Over that period, the rand depreciated in total by 3.3% against the dollar.

As at 31 December 2021, Astoria's NAV was made up as follows*:

Directors' fair value ZAR(m)		Investment	% Ownership	% of USD NAV 31/12/ 2021	Directors' fair value USD(m)	
31/12/2020	31/12/2021				31/12/2021	31/12/2020
371.3	546.7	Core Investments		97.1	34.4	25.4
113.0	198.1	OIH	37.8	34.8	12.4	7.7
53.5	96.6	Trans Hex	35.7	17.1	6.1	3.7
60.3	82.9	Afrimat	1.1	14.6	5.2	4.1
46.2	77.5	RACP	14.9	13.8	4.9	3.2
43.1	42.6	ISA Carstens	49.0	7.6	2.7	2.9
37.9	38.1	Vehicle Care Group	49.9	6.7	2.4	2.6
17.3	10.9	Astoria Treasury	100.0	2.0	0.7	1.2
17.5	19.6	Cash and Equivalents		3.4	1.2	1.2
(1.3)	(3.0)	Liabilities		(0.6)	(0.2)	(0.1)
387.5	563.3	Net Asset Value		100	35.4	26.5
R6.83	R9.92	Net Asset Value per share			62.2 ¢	46.6 ¢

* Equity and loan amounts are grouped according to investment to provide a better understanding of the total amount of capital allocated to each opportunity.

Shareholder's letter

continued

Outdoor Investment Holdings

OIH has evolved from a single small retail store in Stellenbosch focussing on photographic and hunting-related optical equipment into an investment holding company which owns investments in the niche hunting and outdoor retailer Safari and Outdoor, hunting and outdoor wholesalers Inyathi and Formalito, as well as the chain of mega pet stores, Family Pet Centre.

Astoria's ownership of OIH increased from 33.0% to 37.8% in the past year as OIH repurchased shares.

S&O experienced strong sales growth during the first nine months of the financial year. Trade continued strongly in the fourth quarter, but growth slowed as more recreational activities returned and international travel restrictions eased on several continents. Both wholesale entities, Inyathi and Formalito, experienced slower sales growth, indicating a softer market in smaller and outlying areas. The wholesalers could offset the effect of global supply chain disruptions through group expertise and solid international relationships. Administrative inefficiency of the South African Police Service hampered regular and consistent supply of licenced inventory, negatively impacting wholesale performance.

FPC had a slower than expected year. The model has a reliance on "retail theatre" and post-COVID changes in consumer behaviour impacted growth. After solid performances of the first two shops, the third outlet, which opened in December 2020, did not meet management's expectations. Further expansion was halted while the business model is refined. The concept of a family destination mega pet centre remains a viable business and the offering fulfils a need in society across a wide demography. The chain is cash positive and growing, albeit slower than initially expected.

OIH has shown consistent growth over the last few years. For its financial year ended 28 February 2022, the group reported EBIT of R120m, solid and consistent growth over the 2021 results which was R102m EBIT.

For Astoria's December year-end valuation, the enterprise value of OIH was calculated at 6 times the rolling 12-month EBIT to December and balance sheet adjustments are as at 31 December 2021. Our valuation of OIH increased from R113m to R198.1m during the year and Astoria received dividends totalling R9,5m from OIH.

We have seen exceptional growth in the value of our investment over the past two years. Suffice to say that we had not anticipated the extent of the value that would be created over this period. But such is the nature of investing when a good business run by good management comes across opportunities. And as much as we appreciate the discipline that comes with paying cash dividends, we like the fact that management has put more of our capital to work in stock, debtors, new product lines and developing smaller S&O shops. And of course our second favourite application of capital – when the company repurchased 10% of its shares.

Trans Hex

Like many other commodity producers, Trans Hex experienced an impressive improvement in its fortunes over the past year. The Somiluana mine, in which Trans Hex owns a 33% interest, managed to increase production by approximately 25% from the previous financial year, while average realised diamond prices increased by 63%. This improved operating result combined with discipline at the mine in terms of capital and operational expenses, led to a marked improvement in the cash balance of the mine. This also accelerated the repayment of the outstanding loans to Trans Hex and dividends to all shareholders. The positive impact of higher oil prices on the availability of dollars in the Angolan banking system made it easier to repatriate dollars to the Trans Hex head office. Trans Hex continued with diamond trading activities which further enhanced its profitability.

We value our investment in Trans Hex at a 32% discount to its NAV (last year 30%). Trans Hex NAV increased by 85% during the year, in line with trading results, aided by active reduction of liabilities, reversal of COVID-related impairments and dollars which were repatriated to rands. The value of Astoria's investment in Trans Hex increased by 81% over the past year and Astoria received a dividend of R3,5m from Trans Hex.

Last year we mentioned that being unlisted enabled the management team to move fast and effectively in restructuring the business. Little did we know that positive operating results would occur so soon. We have a committed management team, an appropriate operating model, and a like-minded partner. With this foundation in place, we are looking for ways to expand the business.

Afrimat

Astoria has a 90% limited partnership interest in JB. As of 31 December 2021, JB owned 1 558 701 Afrimat shares.

Afrimat is a JSE listed, leading black empowered open pit mining company providing industrial minerals and construction materials. Its management team has exhibited the rare skill of being able to both run their operations well and to be adept at capital allocation. They are also major shareholders in the business, which means that they are aligned with us in that their financial future depends much more on their success in running the business than salaries and bonuses. They have grown earnings per share by more than 22% per annum between 2009 and 2021, with cash flow to back it up.

We value our investment in JB at the prevailing Afrimat share price, which increased by 33.5% over the year.

Shareholder's letter

continued

Astoria bought its 90% interest in JB as part of the portfolio of assets purchased from RAC in November 2020. Since JB is a small minority shareholder in Afrimat, this investment is viewed as a potential source of capital for other investments. Subsequent to year-end, JB sold 532 419 Afrimat shares for an aggregate consideration of R32.1m. The proceeds were distributed to the partners of JB. Astoria has earmarked this capital for further investments.

RECM and Calibre

RAC is a JSE listed investment holding company, which owns 58.8% of Goldrush Group (Pty) Ltd as its single largest asset. Goldrush is South Africa's pre-eminent alternative gaming operator which has built a business with an Electronic bingo division comprising more than 4 000 machines in 35 venues, a Limited pay-out machine division with more than 2 200 machines in 5 of the 9 provinces of South Africa, a Retail sports betting division with 24 retail stores and a burgeoning South African Online gaming operation.

On 31 October 2020, Astoria invested in 4.2m RACP at R8.50 per share for a total investment of R35.7m.

On 19 April 2021, RAC distributed 90.1% of the Astoria shares it owned on a 1-for-1 basis to its shareholders. Astoria therefore received 4.2m Astoria shares – 7.4% of its own market cap - in addition to the 4.2m RACP it already owned.

On 11 November 2021, in a first step towards untangling the cross-holding between Astoria and RAC, Astoria exchanged the 4.2m Astoria shares for 2.5m RACP. The ratio of RACP-to-Astoria shares represented the ratio of the NAV per share of the two companies. In essence, Astoria was able to exchange the amount of underlying NAV in its Astoria shares for a similar amount of NAV through RACP. In the process, Astoria increased its holding in RACP to 14.7%.

By 31 December 2021, the original investment of R35.7m for 4.2m RACP shares has turned into 6.7m RACP shares with a market value of R74.1m. Astoria believes the market value of RACP is still at a large discount to its intrinsic value.

A sharp-eyed investor will notice that our actual holding is valued at R77.5m at year end. This is because Astoria also bought more RACP in the market during the financial year. Subsequent to year-end, Astoria further increased its shareholding in RACP to 7.3m shares, which represents 15.2% of the Participating Preference shares of RAC. As stated before – Astoria would like to own more RACP.

ISA Carstens

Astoria owns 49% of ISA, a holding company for ISA Carstens Academy, a private tertiary education institution which provides tuition in the health and skincare industry under the ISA Carstens brand. ISA has campuses in Stellenbosch and Pretoria. The business has a strong brand, owns its own unique curriculum and has a fairly fixed cost base in the form of its campus infrastructure. In short – it has operating leverage.

ISA traditionally enrolls students only once a year, at the beginning of the calendar year. The majority of these are first-year students, but ISA has lately seen bigger intakes of Advanced Diploma (4th year) students. Few students join in their second or third year. The academy therefore increases its aggregate student numbers by enrolling enough first-year and Advanced Diploma students to make up for any leavers and graduates. ISA has capacity for 620 students, but has been developing technology which would allow it to increase the student capacity without having to increase its physical footprint.

For the 2021 academic year, ISA's student numbers increased by 18% to 487. For the 2022 academic year, student numbers increased by a further 7% to 523. Unfortunately, the abrupt adoption of distance learning by the Matric class of 2020 has left these students with a dent in their study methods. We think this could have been a contributing factor to the larger-than-normal number of our first year students that left ISA at the end of 2021. As much as this loss of students leads to temporary drag on growth for ISA, the real tragedy is the curtailed futures of those young people. Fortunately, ISA has seen a healthy increase in enrolments for its Advanced Diploma course this year.

We value ISA as a combination of the academy's operations and its properties. Our valuation for ISA as at 31 December 2021 carries the properties at an independent valuation that was done as at 31 March 2021, with mortgages as at 31 December 2021. The academy is valued at 6 times 2021 after tax profits. Our value increased from R43.1m to R50.9m, of which Astoria received R8.3m as a repayment of a shareholders loan, after ISA sold an interest in a start-up education business. This leaves our investment at R42.6m at year-end.

The growth of ISA's value depends on management's ability to grow student numbers, to increase the student capacity of its existing facilities, to find a way to have more regular intakes of students; and through brand extension in its field of health, wellness and beauty.

Vehicle Care Group

Astoria owns 49.9% of two companies, being, VCG (Pty) Ltd and VCG Invest (Pty) Ltd, through which the business of VCG is conducted. VCG provides a range of services to the used vehicle trade and related consumers in South Africa.

The "VCG Invest" product provides off-balance sheet working capital to used vehicle dealers. VCG Invest's loan book has almost returned to its pre-pandemic high of R43m and closed at R42m by December 2021, up from R28m in December 2020. Most of the growth in the book occurred in the fourth quarter of the year. For most of the year, activity in the used-vehicle market, especially the segment of independent

Shareholder's letter

continued

dealers to whom VCG primarily provides services, was fairly subdued. Lack of stock and sky-rocketing prices of used vehicles meant that VCG clients did not have the confidence to deploy further expensive third party capital in their businesses. The industry is adjusting to the impact and growth of well-funded and well managed large scale aggregators. VCG has however recently seen a definite uptick in activity.

VCG also owns a growing fleet of passenger vehicles which it rents out on a long term basis to individuals under its "Flexidrive" program. Bank funding to consumers for vehicle purchases, especially in the used vehicle market, has become difficult to obtain. In this environment, VCG has been able to build its fleet from a stand-still in August 2020, to a current fleet of over 300 vehicles. For shareholders, the economics of the vehicle rental business is similar to that of VCG Invest, while the credit profile of customers are entirely different, providing diversification to the group. The expansion of the rental book has complemented the recovery in the loan book of VCG Invest.

The value of our 49% interest in VCG is represented by shareholders loans, which we value at a discount to their face value. This early stage business has no equity value at present, as it is only expected to reach break-even in the first half of 2022.

Subsequent to year-end a portion of shareholders loans were converted to equity and VCG is in the process of raising further capital via a rights issue. This is being done to optimise the capital structure for the business as it heads into its next growth phase. In the process, Astoria is expected to increase its shareholding in VCG.

Astoria Treasury

Astoria owns 100% of Astoria Treasury, a South African-domiciled company which provides loans to businesses in South Africa. Some of the loans are made to Astoria portfolio companies. We value Astoria Treasury at its Net Asset Value, which is calculated after providing for expected credit losses to each loan outstanding.

At year-end the total loan book of Astoria Treasury was R102.5m, with provisions of R32.0m against those. Its largest loan was for an amount of R46.7m (capital and accrued interest), against which a provision of R18.4m was made. Subsequent to year-end a loan of R25.9m was repaid in full.

PROSPECTS

At present investment holding companies – including Astoria - trade at large discounts to the disclosed value of their underlying assets. As with most mis-pricings, it presents both opportunities and problems. The opportunity is that Astoria was able to acquire RAC preference shares at a deep discount to intrinsic value. The problem is that when we are negotiating a transaction with unlisted businesses, our "chips" are valued at the discounted market price, while their "chips" are valued at "fair value". This obviously makes non-cash transactions incredibly hard to conclude.

Furthermore, the deep discounts of investment holding companies have led to calls for them to distribute or sell their underlying assets in the pursuit of "unlocking" value for shareholders. A number of boards have acceded to these demands and those investment companies are in the process of unbundling assets. RAC itself is in the final stages of such a process, having distributed Astoria shares and selling all non-core assets so that it will eventually have Goldrush as its only asset.

Astoria has no plans to follow this course of action. Astoria was established to take advantage of sensible capital allocation opportunities for our shareholders. We endeavour to grow Astoria's NAV per share at a high rate, by investing in good businesses run by good people, buying back our own shares when feasible, paying dividends when appropriate, and keeping central costs as low as possible. Regardless of the current discount to NAV, over time, the share price growth should approximate the NAV per share growth. Astoria will be measured on this rate of growth.

Doing business is messy – much messier than the public would like to believe. In public markets, this messiness is hidden or at least contained by glossy annual reports and polished investor relations teams. But every so often investors get a glimpse of the reality of business, when information finds its way into the public domain. In private companies, we have found it much easier to discuss and understand business' underlying cuts and thrusts. For instance, since Trans Hex was delisted, management has had the freedom to transform the business, and it shows. No circulars, no drawn-out shareholding voting processes, no opportunistic shareholders holding the company to ransom because of arbitrary differences of opinion around valuation, etc. Just management rolling up their collective sleeves and getting on with the job, supported by shareholders who understand exactly what is happening, and are therefore prepared to take the risk of providing capital to management at a fair price to help them achieve their aims.

Over time, we have invested in opportunities of all sizes. As much fun and as much upside small investments can present, they normally take as much of our time and energy as the larger ones – especially when things go wrong. And, in business, things do go wrong from time to time. Going forward, we will be focussing our efforts on larger opportunities.

Astoria owns a collection of well-managed businesses with opportunities to grow into their respective markets. We expect a growing stream of dividends from these businesses. Together with our ungeared balance sheet, this provides Astoria with a flexible opportunity set. As such, we are optimistic about future return prospects.

CORPORATE GOVERNANCE REPORT

for the year ended 31 December 2021

INTRODUCTION

Astoria Investments Ltd (“**Astoria**” or “**the Company**”) operates under corporate governance policies that comply with the principles and recommendations set out in The National Code of Corporate Governance for Mauritius (“**the Code**”).

The Company has primary listings on the Alternative Exchange (“**AltX**”) of the JSE Limited (“**JSE**”), as well as on the Stock Exchange of Mauritius (“**SEM**”), and therefore complies with the JSE Listings Requirements and best practice principles as contained in the King IV™ Report on Corporate Governance for South Africa (“**King IV**”).

Astoria strives to comply with all the King IV principles in the interests of good governance (specifically the mandatory corporate governance practices under section 3.84 (g), (h), (i), (j) and (k) of the JSE Listings Requirements), the JSE Listings Requirements, the Mauritian Companies Act 2001, the Company’s constitution as well as the principles under Part 5.3 ‘Governing Structures and Delegation’ of King IV.

King IV advocates an outcomes-based approach and defines corporate governance as the exercise of ethical and effective leadership towards the achievement of four governance outcomes, namely ethical culture, good performance, effective control and legitimacy. The desired governance outcomes, together with the practices implemented and progress made towards achieving the 16 principles in meeting those outcomes are achieved on an “apply and explain” basis, as recommended by King IV and the Code. King IV has a 17th principle which is not relevant to the Company. The Company complies with the 8 principles of the Code of Corporate Governance of Mauritius by complying with the principles of King IV.

COMPANY STRUCTURE AND SHAREHOLDING

Astoria is a company duly incorporated under the laws of Mauritius which holds a Global Business License issued by the Financial Services Commission of Mauritius. Please refer to the organogram of the Company on page 75 of this Integrated Annual Report.

As at 31 December 2021, the issued number of shares of the Company was 56 770 357 (2020: 56 770 357).

As at 31 December 2021, the Company had 915 shareholders and therefore meets the public shareholder spread requirements.

DIRECTORS’ SERVICE CONTRACTS

The directors who served during the year were appointed in accordance with the terms of the Company’s constitution (and not subject to fixed terms of service) and the appointments were ratified by the shareholders. Letters of appointment between individual directors and the Company have been implemented as applicable. A consultancy agreement is in place between the Company and RECM Global Ltd (formerly known as RAC Advisory (Mauritius) Limited) (“**RECMG**” or “**the Investment Manager**”) for Dean Schweizer to provide Chief Financial Officer and director services to the Company and its group companies as from 17 December 2019.

Corporate governance report

for the year ended 31 December 2021

continued

CONTRACTS OF SIGNIFICANCE

Other than as stated below, there were no new contracts of significance during the year to which the Company was a party or in which a director was materially interested, either directly or indirectly.

On 5 May 2020, the Company entered into an investment management agreement (“**the IM Agreement**”) with RECMG. RECMG is a Mauritian-domiciled licensed Investment Adviser (Unrestricted), which is owned, inter alia, by associates of Messrs. Piet Viljoen and Jan van Niekerk, both of whom are directors of Astoria. The IM Agreement will be for a minimum period of ten years from 5 May 2020 (“Initial Period”), after which the Company may terminate the IM Agreement, provided the termination is supported by at least 75% of the voting rights exercised on a resolution of the shareholders of the Company at a general meeting.

RECMG will be paid one twelfth of 1% of the assets under management, measured and recorded in accordance with International Financial Reporting Standards, on the last day of each month (“**Management Fee**”). The Management Fee is payable monthly in arrears, subject to a maximum amount of USD 5 million per annum, where the maximum amount is adjusted for official USD inflation from the date of appointment on an annual basis.

Moore Corporate Services Cape Town (Pty) Ltd, in its capacity as independent expert, advised that the terms of the IM Agreement and the Management Fee are fair to shareholders and a copy of such opinion can be found on the Company’s website at the following link: <http://www.astoria.mu/publications/>.

On 28 August 2020, Astoria entered into a written agreement with RAC Investment Holdings Proprietary Limited (“RACIH”), a wholly-owned subsidiary of RECM and Calibre Limited, of which Messrs. Piet Viljoen and Jan van Niekerk are both executive directors. In terms of the agreement Astoria acquired:

- a portfolio of assets (“**the Investment Portfolio**”) from RACIH in exchange for 83 new Astoria shares; and
- RACIH’s interest in JB Private Equity Investors Partnership (“**the Partnership Interest**”) in exchange for 17 new Astoria shares (collectively “**the Acquisition**”).

The Acquisition resulted in Astoria being recapitalised with assets that meet Astoria’s investment policy.

DIVIDEND POLICY

Whilst the Company is entitled to pay dividends to shareholders, dividend distributions are not likely in the near term as the objective of the Company is to achieve long-term capital growth. The amount of any dividend paid will be at the complete discretion of the Board and will depend on a number of factors, including available investment opportunities, capital requirements from investee companies, financial conditions, opportunities for buy backs, future prospects, laws relating to dividends, and other factors that the Board deems relevant.

No dividend may be declared and paid except out of profits and unless the directors determine that immediately after the payment of the dividend:

1. The Company shall be able to satisfy the solvency test in accordance with Section 6 of the Mauritius Companies Act 2001 (“**Companies Act**”) and the Company is exempted from taking into consideration stated capital as it satisfies the definition of an investment company; and
2. The realisable value of the assets of the Company will not be less than the sum of its total liabilities, other than deferred taxes, as shown in the books of account.

Subject to the rights of holders of shares entitled to special rights as to dividends, all dividends shall be declared and paid equally on all shares in issue at the date of declaration of the dividend.

Corporate governance report

for the year ended 31 December 2021

continued

APPLICATION OF KING IV

Governance outcome: Ethical Culture

PRINCIPLE 1: The Board leads ethically and effectively.

Board of Directors

Astoria has a unitary Board which is responsible for setting the direction of the Company through the establishment of strategic objectives and key policies. The Board holds ultimate responsibility for and control over the Company's affairs and monitors the operational activities and decisions of the Investment Manager. The Board is responsible for the Company's corporate governance system and is ultimately accountable for its activities.

In particular, the Board:

- monitors operational performance;
- ensures compliance with laws and regulations, including the relevant listing rules and regulations of the SEM and the JSE; and
- reviews and approves financial statements and other announcements on the SEM and JSE.

The Board sets the standards of ethical conduct for the Company, which is set out in the approved Code of Ethics. The Code of Ethics along with the appointment of strong, independently minded directors to the Board and through the clear separation and definition of the roles and responsibilities of the Chairman and the Chief Financial Officer, Astoria has equipped the Board to make quality decisions using the correct procedures.

The Board has established procedures to enable the directors of Astoria to notify the Company of any actual or potential conflicting situation and to declare any significant interest in the Company or its contracts. These interests are declared at Directors meetings and a register is maintained by the Company.

The Board consisted of six members out of which one was executive, three were independent non-executive and the remaining two were non-executive directors.

for the year ended 31 December 2021

continued

Pieter Gerhardt Viljoen (“Piet”) (59)

BCom (Hons), CFA

Non-executive Director

Appointed 17 January 2020

(South African)

Piet started out as a lecturer at the University of Pretoria, and subsequently joined SARB as an economic analyst. He joined Allan Gray Investment Counsel in 1991 as a portfolio manager and later moved to Investec Asset Management in 1995. Piet founded Regarding Capital Management, a Cape Town-based asset manager, in 2003 and is an executive director of RECM and Calibre Limited.

Nicolas Fabien Hardy (46)

BSc (Maths), MBA

Independent Non-executive Director

Appointed 17 January 2020

(Mauritian)

Nicolas holds a BSc(Maths) and an MBA from UCT Business School and has gained over 15 years of international banking experience having worked for JP Morgan Fleming in the UK before returning to Mauritius in 2005 to work at Investec Bank (Mauritius) Limited. His responsibilities grew from treasurer to include the management of various committees, such as credit, risk, accounts and management. Nicolas also managed the strategic operation and technical development of the bank encompassing the on-line/digital banking system and the currency cards programme. Nicolas is currently the Chief Technology and Operations Officer at AfrAsia Bank Limited.

Casey Jane Jorgensen (42)

CA(SA)

Independent Non-executive Director

Appointed 1 January 2021

(South African)

Casey is a Chartered Accountant with Executive Director experience in businesses dealing in commodities across Africa. Casey has financial management experience with specific focus on treasury management for multinational businesses. Prior to Casey entering the corporate environment she lectured Financial Management, Auditing and Taxation.

BOARD APPOINTMENT AND RE-ELECTION PROCESS

Although members of the Board are appointed by the Company’s shareholders, the Board has the authority to appoint directors to fill any vacancy that may arise from time to time. These appointments are ratified by shareholders at the Annual General Meeting following their appointment.

The Corporate Governance, Remuneration, Social and Ethics Committee is tasked with identifying and recommending suitable Board candidates for the Board’s consideration through a formal and transparent process. Directors are appointed based on their specific skills set, industry expertise and experience as well as the overall level of contribution they can make to the activities of the Company. At Board level, there is a balance of power to ensure that no one director has unfettered powers in decision making.

In accordance with the Company’s Constitution, a third of the directors are subject to retirement by rotation and re-election by the Company’s shareholders annually.

Corporate governance report

for the year ended 31 December 2021

continued

BOARD EVALUATION

The size and composition of the Board and its various committees are reviewed on an annual basis and the current size and composition are considered appropriate for the Company. The Board as well as the individual directors have their performance reviewed annually to identify areas for improvement in the discharge of individual director's and the Board's functions. These reviews will be undertaken by the Chairman and, if so determined by the Board, an independent service provider.

Nominations for the re-appointment of a director will only occur after the evaluation of the performance and attendance of the director at Board meetings. The Board evaluates the Chairman's performance and ability to add value to the Company on an annual or such other basis as the Board may determine. The Board ensures that the role and functions of the CFO and his performance is evaluated against specific criteria. The Corporate Governance and Remuneration Committee appraises the performance of the CFO at least annually.

BOARD TRAINING

New appointees are appropriately familiarised with the Company's business through a formal induction programme which the Board has established. The programme aims to familiarise incoming directors with the Company's operations, senior management and its business environment, and to induct them in their fiduciary duties and responsibilities, including but not limited to the SEM Listing Rules and the JSE Listings Requirements. As at the 31 December 2021, all Board members had attended the Directors Induction Programme with the South African Institute of Directors.

Directors continue to receive ad hoc briefings from time to time on relevant new laws and regulations as well as on changing economic risks. The information needs of the Board are reviewed annually, and directors have unrestricted access to all Company information, records, documents and property to enable them to discharge their responsibilities effectively. Efficient and timely methods of informing and briefing board members prior to scheduled Board meetings are in place.

The Board has established a procedure for directors to obtain legal advice, if necessary, in the furtherance of their duties. The directors of the Company have unfettered access to the advice and services of the Company Secretary and may seek independent professional advice on the affairs of the Company in appropriate circumstances should they believe that such actions will best serve the interests of the Company. External advisors and executive directors, who are not members of specific committees are invited to attend committee meetings by invitation, if deemed appropriate by the relevant committee.

PRINCIPLE 2: The Board governs the ethics of Astoria in a way that supports the establishment of an ethical culture.

The Board has a fiduciary duty to act in good faith, with due care and diligence and in the best interests of the Company and its stakeholders. All major strategic decisions are taken by the Board as a whole. The Board constitutes the senior management of the Company and meets regularly to review the Company's operations and progress with the Company's investment strategy. Each Board meeting has a formal agenda and key items, such as portfolio performance and progress with acquisitions, are reviewed on a regular basis. The Board also monitors finance, risk and corporate responsibility matters.

All directors receive relevant reports and papers prior to each meeting. Additional meetings and discussions take place outside the Board's regular meeting schedule as the need arises. The CFO consults the non-executive directors on a regular basis. The non-executive directors may also hold discussions in the absence of the CFO where deemed appropriate.

The responsibilities of each director have been made clear to them and they are provided with written material on the Company's corporate governance arrangements, including the terms of reference of the Board's committees. All directors have access to the advice and services of the Company Secretary and also have access to independent professional advice at the Company's expense.

Corporate governance report

for the year ended 31 December 2021

continued

CONFLICT OF INTEREST

Directors must avoid instances that may give rise to conflicts of interests or which may be perceived by others as conflicting situations. Full information on any conflict or potential conflict of interest must be made known to the Board and fellow directors and the onus will be on the directors to advise the Board of any change in their situation. On declaration of his/her interest, the concerned director shall not participate in the discussions and/or decision-making process on the matter in relation to which conflict arises. The matter may however be concluded and approved on fair market terms and conditions. Related party transactions will also be concluded and disclosed in accordance with the relevant Listing rules and regulations and the disclosure requirements and accounting policies and standards.

BOARD CHARTER

The Board has approved and adopted a Board Charter. The Board is satisfied that it has fulfilled its responsibilities in accordance with the Charter for the reporting period. Board members are the link between Astoria and its shareholders and are collectively responsible to lead and control the Company to enable it to attain its strategic objectives. In discharging its duties, the Board should be guided by the interests of the Company and its business and shall consider the interest of the stakeholders.

The broad responsibilities of the Board are to:

- set the Company's vision, mission and values;
- determine the strategy and policy of the Company and its subsidiaries to achieve those objectives;
- monitor and evaluate the implementation of strategies, policies and performance measurements;
- exercise leadership, enterprise, integrity and judgement in directing the Company;
- identify and assess key risk areas of the business and ensure that measures are taken to mitigate those risks;
- ensure that effective internal control systems are in place to safeguard the Company's assets;
- prepare annual financial statements that fairly present the state of affairs of the Company;
- ensure compliance with laws and regulations, including risk management and corporate governance practices and disclosure requirements;
- assess external auditors' work and independence;
- approve the annual report;
- evaluate performance and review compensation of senior management and directors;
- ensure adequate succession planning;
- ensure adoption of good corporate governance practices; and
- ensure effective communication with shareholders.

In order to meet all the legal and regulatory requirements and effectively discharge its duties, including the exercise of adequate oversight over the investment activities of the Company, the Board may delegate some of its functions to Board committees. From time to time, the Board may delegate specific assignments to directors or other parties to better guide the Board in important matters requiring significant expertise. Delegation however does not discharge the Board from its duties and responsibilities and while delegating authorities, the Board should bear in mind its fiduciary duties and responsibilities under the Companies Act of Mauritius.

The Board's Charter is reviewed at least once a year or as may be required with the introduction of or amendment to laws, regulations and practices.

Corporate governance report

for the year ended 31 December 2021

continued

CODE OF ETHICS

The Company is committed to the highest standards of integrity and ethical conduct in dealing with all its shareholders and has approved and adopted a Code of Ethics. The Board regularly monitors and evaluates compliance with its Code of Ethics.

PRINCIPLE 3: The Board ensures that Astoria is, and is seen to be, a responsible corporate citizen.

The Board ensures that Astoria is and is seen as a responsible corporate citizen. The responsibility for monitoring the overall responsible corporate citizenship performance of the Company has been delegated to the Corporate Governance, Remuneration, Social and Ethics Committee by the Board and is set out in further detail below. The Board monitors the Company's effect on the workplace, economy, society and the environment.

GOVERNANCE OUTCOME: PERFORMANCE AND VALUE CREATION

PRINCIPLE 4: The Board appreciates that Astoria's core purpose, its risks and opportunities, strategy, business model, performance and sustainable development are all inseparable elements of the value creation process.

The Board's primary responsibility is to ensure that Astoria creates value for its shareholders. In doing so, it considers the legitimate interests and expectations of stakeholders, which include the present and potential future investors. The Board also has short, medium and long-term strategy formulation policies and procedures in place to give effect to strategy.

PRINCIPLE 5: The Board ensures that reports issued by Astoria enable stakeholders to make informed assessments of Astoria's performance and its short, medium and long-term prospects.

The Board is responsible for formulating its communication policy. This responsibility includes clear, transparent, balanced and truthful communication to shareholders and relevant stakeholders. The Board oversees the preparation of the Integrated Annual Report which includes the availability of these to all stakeholders through, inter alia, the Company's website, the SEM and the Stock Exchange News Service of the JSE.

GOVERNANCE OUTCOME: ADEQUATE AND EFFECTIVE CONTROL

PRINCIPLE 6: The Board serves as the focal point and custodian of corporate governance in Astoria.

The Board's role and responsibilities and the way that it executes its duties and decision-making are documented and set out in the Board Charter, which is reviewed regularly. There is an approved protocol to be followed should any director or Board committee require external, professional advice at the Company's expense. The Board meets once every quarter. Should an important matter arise between scheduled meetings, additional meetings are convened.

PRINCIPLE 7: The Board comprises the appropriate balance of knowledge, skills, experience, diversity and independence for it to discharge its governance role and responsibilities objectively and effectively.

BOARD COMPOSITION AND SUCCESSION PLANNING

The Board considers on an annual basis its composition in terms of balance of skills, experience, diversity, independence and knowledge and whether this enables it to effectively discharge its role and responsibilities. There shall at all times be a sufficient amount of non-executive directors on the Board. All members of the Board should be individuals of integrity and, collectively, should bring a blend of knowledge, skills, objectivity and experience to the Board to enable it to carry out its functions effectively.

Directors are recommended to the Board by the Corporate Governance and Remuneration Committee and may be appointed by the Board or by the Company in general meeting of shareholders. The Board has a Diversity Policy wherein it is stated that the Board's succession planning must promote diversity in accordance with the policies of the Company and in compliance with the JSE Listings Requirements specifically relating to the promotion of gender, race, culture, age diversity, field of knowledge, skills and experience. Future appointments to the Board will take cognisance of both the operational needs of the Company and the need for gender diversity at a Board level. At present, none of the members have any plans to resign as directors in the foreseeable future. Procedures and processes are in place to ensure continuity in relation to the CFO role both from an emergency perspective as well as from a longer-term perspective.

The directors' profiles are provided on pages 11 and 12.

Corporate governance report

for the year ended 31 December 2021

continued

PRINCIPLE 8: The Board ensures that its arrangements for delegation within its own structures promote independent judgement, and assist with balance of power and the effective discharge of its duties.

CHAIRMAN

The members of the Board have elected an Independent non-executive Chairman, who possesses demonstrated expertise and experience to provide firm and objective leadership. The Chairman is not involved in the day-to-day running of the business and is not a full-time employee of the Company.

The main roles of the Chairman are to:

- preside over meetings, encourage participation of directors in board matters and mediate differences of opinion;
- evaluate the performance of directors collectively and individually;
- guide the Board and senior management ensuring time for consultation, preparing of agenda and minutes and supervision of implementation of resolutions;
- ensure adequate succession planning for the directors and management;
- ensure that all relevant information on financial and operating matters is placed before the Board to enable directors to reach informed decisions;
- ensure adoption of good corporate governance practices; and
- maintain relations with the shareholders of the Company and ensure that information is clearly communicated to them through appropriate disclosure.

The Chairman has been appointed in accordance with the Company's Constitution and the Code.

PRINCIPLE 9: The Board ensures that the evaluation of its own performance and that of its committees, its Chairman and its individual members, support continued improvement in its performance and effectiveness.

COMMITTEES OF THE BOARD

In order to effectively address the needs of the Company and to further its commitment to best practice in corporate governance, the Board had two committees during the financial year ended 31 December 2021: the Corporate Governance, Remuneration, Social and Ethics Committee and the Audit and Risk Committee.

The Committees have adopted their relevant terms of reference as approved by the Board and are satisfied that they have fulfilled their responsibilities in accordance with its terms of reference for the reporting period. The charter of each committee is reviewed annually.

The Company included terms for a Social and Ethics Committee in the current year.

Corporate Governance, Remuneration, Social and Ethics Committee – Duties

Corporate Governance

- Formulate and recommend for Board approval a set of best practice corporate governance principles supporting the Company's strategic priorities, in accordance with the applicable Code of Corporate Governance;
- Monitor the Company's compliance with its adopted corporate governance principles;
- Review the Company's compliance with all relevant legal and regulatory requirements within the jurisdictions in which the Company operates;
- Monitor potential changes in such legal and regulatory requirements to ensure that the Company is in a position to respond appropriately to their introduction;
- Ensure that the Company has in place adequate processes for reporting and responding to any material regulatory breaches and the findings of regulatory agencies;

Corporate governance report

for the year ended 31 December 2021

continued

- Keep under review the Company's conduct and reputational risk profile, ensuring that the Company's reputation is considered as part of the key decision making process;
- Ensure that the Company has in place an adequate code of ethics and conduct regulating its dealings with investors, investees, advisers, employees and the public generally, monitoring the effectiveness of the code on an ongoing basis;
- Determine the level of non-executive and independent non-executive fees and recommend same to the Board for approval;
- Report formally to the Board on its proceedings and make recommendations to the Board on any area within its remit;
- Produce a statement on the Company's governance framework and its performance in relation to it for inclusion in the Company's annual report;
- At least annually, review its constitution and terms of reference to ensure that it is operating at maximum effectiveness and recommend any changes it considers necessary to the Board for approval;

To report, through one of its members, to the shareholders at the Company's Annual General Meeting on the matters within its mandate and include a report in such regard in the Company's annual report.

Remuneration

The Committee ensures that the Company remunerates fairly, responsibly, and transparently so as to promote the achievement of strategic objectives and positive outcomes in the short, medium and long term. The Committee has the responsibility and authority to consider and make recommendations to the Board on, inter alia, the Company's Remuneration Policy.

The Committee will make use of external market surveys and benchmarks to determine executive directors' remuneration and benefits as well as non-executive directors' base and committee fees as and when necessary. The Corporate Governance and Remuneration Committee shall assess the collective effectiveness of the committees and the Board. In addition, the Chairman will individually appraise the performance of the directors. As set out above, the Corporate Governance and Remuneration Committee also includes social and ethics commitments and oversees and reports on organisational ethics, responsible corporate citizenship, sustainable development, and stakeholder relationships.

Social and Ethics

- To monitor the Company's activities with regard to matters relating to:
 - social and economic development (including the UN Global Compact Principles and the OECD recommendations regarding corruption), to the extent that they would apply to the Company;
 - good corporate citizenship: including promotion of equality, prevention of unfair discrimination, reduction of corruption, contribution to the development of the communities in which its products or services are marketed, record of sponsorship, donations and charitable giving;
 - the environment, health and public safety, including the impact of the Company's activities; and
 - the Company's employment relationships, and its contribution toward the educational development of its employees (if applicable).

Audit and Risk Committee – Duties

- Monitor the integrity of the Company's financial statements, including reviewing the financial statements prior to approval, including the annual report and other periodic reports, results' announcements and statements relating to financial performance, focusing on significant financial reporting issues, major judgmental areas, significant audit adjustments, going concern and compliance with accounting standards and securities exchange and regulatory requirements;
- Monitor, and challenge where necessary, the consistency of and any changes to accounting policies, the selection of accounting methodology for significant transactions, the application of appropriate accounting standards and the clarity of disclosure in the Company's financial reports including all material supporting information;
- Monitor the independence and objectivity of the auditors and make recommendations to the Board, to be put to members for approval at the Annual General Meeting, in relation to the appointment, re-appointment and removal of the auditors and their remuneration and overseeing the selection process for new auditors as necessary;

Corporate governance report

for the year ended 31 December 2021

continued

- Consider any issues arising from the audit and any matters the auditors wish to raise;
- Review the effectiveness of the audit, including the auditors' management letter and the response of management to its findings and recommendations;
- Develop and implement policy on the engagement of the external auditor to supply non-audit services, and approve the terms on which the auditor may be engaged to supply such services;
- Review audit planning process to ensure that the policies in place to combat financial crime, money-laundering activities, fraud and bribery are tested through the audit process;
- Review the internal procedures by which employees, advisors and contractors may raise concerns about possible improprieties in matters of financial reporting and other matters ("whistleblowing"), to ensure that arrangements are in place for the investigation of such matters and appropriate follow-up action;
- Advise the Board on the Company's overall risk profile, tolerance and strategy, taking account of the current and prospective macroeconomic and financial environment and drawing on financial stability assessments such as those published by relevant industry and regulatory authorities;
- Oversee and advise the Board on the current risk exposures of the Company and future risk strategy and prepare a risk matrix for the Company;
- Consider and approve the remit of the risk management function and ensuring that it has: (i) adequate resources and appropriate access to information to enable it to perform its function effectively and in accordance with the relevant professional standards; and (ii) adequate independence and is free from management and other restrictions;
- Review promptly all risk management reports on the Company and review and monitor management's responsiveness to findings and recommendations contained in such reports (whether formal or informal);
- Ensure that the risk management function is provided with unfettered direct access to the Committee and the Chairman of the Board;
- Report formally to the Board on its proceedings and make recommendations to the Board on any area within its remit;
- Produce an annual formal report on the Company's risk management objectives, policy and management framework for inclusion in the Company's annual report, including in relation to financial instruments;
- At least annually, review its constitution and terms of reference to ensure it is operating at maximum effectiveness and recommend any changes it considers necessary to the board for approval.
- Whilst there is currently no internal audit function in place due to the size of the Company, the Committee will continue to review the necessity for an internal audit function on an annual basis.

In terms of paragraph 3.84 (g) (i) (ii) & (iii) of the JSE Listings Requirements, the Audit and Risk Committee is satisfied with the expertise and experience of the Chief Financial Officer and that appropriate financial reporting procedures are in place and operating. The Audit and Risk Committee confirms that they have assessed the suitability of both the external audit firm and individual partners and are satisfied with their suitability for appointment, as well as their independence, specifically considering any information pursuant to paragraph 22.15 (h) of the JSE Listings Requirements.

Both Committees' minutes are made available to the Board for review.

Corporate governance report

for the year ended 31 December 2021

continued

PRINCIPLE 10: The Board ensures that the appointment of, and delegation to, management contribute to role clarity and the effective exercise of authority and responsibilities.

EXECUTIVE DIRECTOR

The Company has received a dispensation from the JSE from appointing a Chief Executive Officer following the appointment of a Chief Financial Officer by the Board. The following functions, inter alia, were delegated to the Chief Financial Officer:

- manage all day-to-day operations of the Company;
- monitor the compliance of the Investment Manager with the terms of the Investment Management Agreement;
- consult with the Investment Manager on the investment opportunities for Astoria;
- due to the continuous responsibilities that typically accompany private equity investments, frequently consult with the Investment Manager in relation to the private equity investments; read through the due diligence and investment proposal reports prepared by the Investment Manager and outside service providers in relation to private equity investments and discuss the commercial transaction and financial models with the Investment Manager;
- provide the Investment Manager with comment on the merits of the investment proposal from the Board of Astoria;
- in terms of the operations of Astoria, ensure compliance with both Astoria's contractual and regulatory obligations, on both a corporate and business level; and
- liaise regularly with the Company Secretary and other administrators in relation to these contractual and regulatory obligations.
- manage the preparation of all financial reporting and adherence with relevant reporting requirements;
- manage and prepare internal control procedures and risk matrix analysis of all risks in the Company and establishing mitigating controls; and
- prepare the monthly management accounts.

COMPANY SECRETARY

To ensure that the smooth functioning of Board and Board Committee meetings, the Board has appointed a Company Secretary to:

- assist the Chairman of the Board with the agenda, information gathering and other logistics;
- maintain a register of interests in respect of Director's interest in contracts;
- devise induction and training programmes for the new directors; and
- keep minutes and records of the Board/Board Committee meetings.

The Board has considered and is satisfied that the Company Secretary has sufficient competence, qualifications and experience.

BOARD MEETINGS

The Board shall meet at least four times annually and meetings shall be convened by the Chairman, as scheduled or at the request of one or more directors. Meetings may be held by telephone or videoconference, provided that participants can hear each other clearly.

The meeting will be presided over by the Chairman or in her absence, by a director designated by the Chairman. The quorum shall be three directors. The Chairman of the meeting shall consult with the absent members by telephone or other means whenever possible.

Resolutions should be preferably passed by unanimous vote. The minutes of proceedings of each meeting shall be approved at the following meeting as evidence that the minutes have been adopted.

Corporate governance report

PRINCIPLE 11: The Board governs risk in a way that supports Astoria in setting and achieving its strategic objectives.

RISK MANAGEMENT

The Board reviews the effectiveness of the Company's risk management framework against the principal risks facing the business on an annual basis, with the assistance of the Audit and Risk Committee.

The risks to the Company are the significant risks that would typically be associated with investing in global financial instruments. Set out below is a list of identified risks, and the mitigation strategies adopted by the Company:

Financial Risks

RISK	IMPACT	MITIGATION STRATEGIES
Inability to Raise Capital	Not being able to: <ul style="list-style-type: none"> raise capital in the form of equity or third party debt financing which would limit the ability of the company to: <ul style="list-style-type: none"> increase its investments at the most opportune times. 	<ul style="list-style-type: none"> Ensure investor confidence in the Company by effectively managing the portfolio of investments and making relevant and timely announcements to stakeholders. Diversify sources of funding. Early engagement with financiers.
Volatility of profits and net asset value Given the need to carry investments at fair value, any revaluations may cause volatility in the statement of comprehensive income from one year to the next.	<ul style="list-style-type: none"> Returns to stakeholders, in terms of NAV per share growth are reliant on the profitability and growth of the underlying investments. Any volatility in the listed market or volatility in economies where investees operate will impact the carrying value of investments and therefore the financial results and financial position of Astoria. 	<ul style="list-style-type: none"> The Company has appointed an appropriately experienced Investment Manager as well as Board to manage the risks arising from investing globally. Volatility of revaluations of unlisted investments is managed through the application of consistent valuation methodologies.

Operational Risks

RISK	IMPACT	MITIGATION STRATEGIES
Overall Market Risk <ul style="list-style-type: none"> All investments represent a potential risk of loss of capital. 	<ul style="list-style-type: none"> Reduced profitability and returns to stakeholders. 	<ul style="list-style-type: none"> The Company has appointed an appropriately experienced Investment Manager as well as Board to manage the risks arising from investing globally.
Portfolio Concentration <ul style="list-style-type: none"> A portfolio that is concentrated in certain assets or assets in a certain region represents a higher risk to market fluctuations and potential loss of capital or income. 	<ul style="list-style-type: none"> Failure to maintain a well-diversified portfolio with a wide variety of assets, could result in a significant negative impact on shareholders' equity and therefore, the growth in NAV per share. 	<ul style="list-style-type: none"> The Company can invest in direct equity or debt instruments of companies on a global basis across all industries. <p>This enables the Company to achieve diversification where required as it is not restricted in building its investment pool. This risk is closely monitored by the Investment Manager and the Board.</p>

Corporate governance report

for the year ended 31 December 2021

continued

Operational Risks continued

RISK	IMPACT	MITIGATION STRATEGIES
Coronavirus	<ul style="list-style-type: none"> Market volatility Ability to manage and operate the Company due to staff not being in office. Cashflow and sustainability of underlying investments. Potential litigation around Covid protocols such as vaccination drives. 	<ul style="list-style-type: none"> The Company has material investments as at year-end, the management of which have all been able to adapt to meet the constantly changing requirements from lockdowns and the impact of the Corona virus on their businesses. The Company has no key day to day operational requirements and the executive director is able to work remotely as are staff at key service providers.

Regulatory and Compliance Risks

RISK	IMPACT	MITIGATION STRATEGIES
Regulatory risk – legal compliance <ul style="list-style-type: none"> The Company operates in a regulated environment in Mauritius which has seen increased regulations. 	<ul style="list-style-type: none"> Unintentional non-compliance with laws which can potentially have a negative impact on the Company. 	<ul style="list-style-type: none"> The Board reviews the effectiveness of the Company's risk management framework against the principal risks facing the business on an annual basis, with the assistance of the Audit and Risk Committee and taking account of recommendations from the Company's auditors and other professional advisors. .
Regulatory risk – JSE and SEM compliance	<ul style="list-style-type: none"> Suspension or termination of the Company's listings. Fines and public censures if non-compliance occurs. Reputational risk. 	<ul style="list-style-type: none"> Active monitoring by corporate sponsors and the Company Secretary. Monthly updates to the JSE in relation to the suspension of trading in the Astoria shares and the plan to have the suspension lifted. Completion of annual compliance checklists. Advice from Company's lawyers and other professional advisors.

PRINCIPLE 12: The Board governs technology and information in a way that supports Astoria in setting and achieving its strategic objectives.

The Board is aware of the importance of technology and information as it is interrelated to the strategy, performance and sustainability of Astoria. Information management is an integral part of our risk management process.

The computer system used for storing all the Company information is kept backed up on a secure server and the Board relies on the management company's technology and information manager to ensure the safety and security of all its information on their server.

All software packages are password controlled and the Board all have up-to-date anti-virus software on their computers. The Astoria website and emails are maintained by reputable technology consultants.

PRINCIPLE 13: The Board governs compliance with applicable laws and adopted, non-binding rules, codes and standards in a way that supports Astoria being ethical and a good corporate citizen.

INTEGRATED SUSTAINABILITY REPORT

The Company recognises that its operations and investments are key elements of the communities in which they are located, in which economic, social and environmental issues are inter-related. The Company recognises the non-financial imperatives that this gives rise to, as set out below.

Ethical Approach to Business Conduct

The Company is committed to the highest standards of integrity and ethical conduct in dealing with all its stakeholders and requires the same approach from all who act on its behalf.

Environment

The Company complies with all environment protection legislation in all the jurisdictions in which it operates, including the Environment Protection Act 2002 (as amended) of Mauritius.

Corporate and Social Responsibility

The Company recognises that it has a responsibility to be involved in social issues which do not necessarily relate to the welfare of its own employees. For the financial year ended 31 December 2021, the Company has made no such disbursements.

REMUNERATION PHILOSOPHY

The aim of Astoria's remuneration philosophy is to ensure that it promotes the achievement of the Company's strategic objectives in the short, medium and long-term and the creation of value for its stakeholders. The Company also commits to remunerating its directors fairly, responsibly and transparently and to ensuring that remuneration is market related.

The Corporate Governance, Remuneration, Social and Ethics Committee of the Board determines the level of executive and non-executive fees and recommends same to the Board for approval.

Directors' remuneration consists solely of salary and there are no bonuses or share incentive scheme in place. The remuneration policy is not performance linked. There are no performance-based targets. The basis for the executive director's salary is on market industry norms for similar listed companies.

REMUNERATION IMPLEMENTATION REPORT

DIRECTOR	Remuneration for the year ended 31 December 2021 \$	Remuneration for the year ended 31 December 2020 \$
Executive Directors		
Dean Schweizer *	150 000	150 000
Non-executive Directors		
Catherine McLraith	15 000	15 000
Christophe Du Mée **	–	13 875
Jan van Niekerk	–	–
Piet Viljoen	–	–
Nicolas Hardy	15 000	13 333
Casey Jorgensen	15 000	–

* The remuneration of Dean Schweizer was paid by the Company to RECMG.

** The remuneration of Christophe Du Mée was paid by the Company to Clermont Consultants (MU) Limited.

The Company's approach to the remuneration of its executive and non-executive directors is underpinned by its remuneration policy. The key principles of this policy are that:

- the remuneration of Astoria's directors should be consistent with market-related best practice and sufficient to attract talent to our Board and retain this talent; and
- the quantum and structure of the remuneration of our directors will be reviewed annually by the Corporate Governance and Remuneration Committee, who will make recommendations to the Board on any changes which they believe should be made to directors' remuneration.
- the executive directors' remuneration is not performance linked and there are no performance-based targets that have been set.

In the event that either the remuneration policy or the implementation report, or both, are voted against by 25% or more of the voting rights exercised at the upcoming annual general meeting, the Board will continue to engage with the relevant shareholders and the outcome thereof will be disclosed in the 2022 integrated annual report.

The Board will continue to encourage regular dialogue with shareholders in order to create and maintain a mutual understanding of the basis on which performance and value creation for the group is evaluated when determining the remuneration policy of the Company.

BOARD ATTENDANCES

The table below shows directors' attendance at Board and Committee meetings during the reporting year whilst they were appointed as Directors:

Director	Board	Corporate Governance and Remuneration Committee	Audit and Risk Committee
Catherine McIlraith	4/4	1/1	4/4
Dean Schweizer	4/4	–	–
Jan van Niekerk	4/4	1/1	–
Piet Viljoen	3/4	–	–
Nicolas Hardy	3/4	–	4/4
Casey Jorgensen	4/4	1/1	4/4

The Board is of the view that the Committees have satisfied their responsibilities for the year, in compliance with their terms of reference.

PRINCIPLE 15: The Board ensures that assurance services and functions enable an effective control environment, and that these support the integrity of information for internal decision-making and of Astoria's external reports.

The Board is satisfied that there is an adequate and effective control environment, and that the integrity of reports makes for better decision-making.

There is no internal audit function currently in place. The size of the Company does not at present warrant a dedicated internal audit function, but the Board will review this on an annual basis.

RELATED PARTY TRANSACTIONS

Related party transactions are disclosed in Note 18 of the financial statements.

SHAREHOLDERS' AGREEMENT AFFECTING THE GOVERNANCE OF THE COMPANY

There was no such agreement during the reporting period.

INVESTMENT MANAGEMENT AGREEMENT

On 5 May 2020, the Company appointed RECMG as the Investment Manager. RECMG was incorporated in Mauritius as a private company limited by shares in accordance with the Mauritius Companies Act on 25 July 2017. RECMG holds a Global Business Licence in accordance with the Companies Act 2001 and the Financial Services Act 2007 of Mauritius. It was granted an Investment Adviser (Unrestricted) Licence by the Financial Services Commission pursuant to Section 30 of the Securities Act 2005, Rule 5 of the Securities (Licensing) Rules 2007 and the Financial Services (Consolidated Licensing and Fees) Rules 2008 on the 26 July 2017. Dean Schweizer is an executive director of RECMG whilst Jan van Niekerk is a non-executive director of RECMG.

The Investment Manager is subject to the supervision of the Board and is subject to a defined investment policy as set-out by the Board. The Board may review the investment policy from time to time.

Corporate governance report

for the year ended 31 December 2021

continued

DONATIONS

The Company did not make any donations during the reporting period (2020: Nil).

GOVERNANCE OUTCOME: TRUST, GOOD REPUTATION AND LEGITIMACY

PRINCIPLE 16: In the execution of its governance role and responsibilities, the Board adopts a stakeholder- inclusive approach that balances the needs, interests and expectations of material stakeholders in the best interests of Astoria over time.

STAKEHOLDER RELATIONS AND COMMUNICATION

Subject always to regulatory restrictions, the Board aims to comprehensively understand and meet the information needs of all shareholders and places great importance on open and meaningful dialogue with all investors. The Board ensures that shareholders are kept informed on matters affecting the Company and open lines of communication are maintained as appropriate to ensure transparency and optimal disclosure. All Board members are requested to attend the Company's annual general meetings and special meetings.

The Company's annual general meeting and special meetings are duly convened in line with regulatory requirements with sufficient notice period and adequate papers being provided to the shareholders. Opportunities are given to the shareholders to communicate with the Board members at time of the meetings. The results of the votes at the annual general meeting and special meetings are published on the Company's website.

DIRECTORS' INDEMNITY AND INSURANCE

The Company indemnifies its directors in respect of their activities on behalf of the Company and procures appropriate directors' and officers' insurance cover.

DIRECTOR'S INTERESTS IN THE COMPANY'S SHARES

Direct and indirect beneficial interests of Directors and associates as at 31 December 2021 are:

	2021 number	2021 %
Piet Viljoen	6 384 306	11,25
Jan van Niekerk	2 808 734	4,95
Dean Schweizer	14 633	0,03
	9 207 673	16,23

As at 31 December 2020, RAC Investment Holdings (Pty) Ltd, which is controlled by Piet Viljoen and Jan van Niekerk, owned all the issued shares of Astoria. RAC Investment Holdings (Pty) Ltd unbundled 51 150 000 Astoria shares to RECM and Calibre Limited, who in turn unbundled them to its shareholders in the current financial year.

The directors follow the principles of the model code on securities transactions as set out in Appendix 6 of the SEM Listing Rules and the JSE Listings Requirements.

AUDITORS' FEES

The fees payable to the auditor, for audit and other services during the year were:

Audit firm	2021 \$	2020 \$
Audit of the Company to EY	47 000	47 000
Reporting accountant fees of the Company to EY	–	8 905

STATEMENT OF COMPLIANCE

(Section 75(3) of the Financial Services Act Circular Letter CL280218)

Name of Entity: Astoria Investments Ltd

Reporting Period: Year ended 31 December 2021

We, the directors of Astoria Investments Ltd, confirm that, to the best of our knowledge, the Company has not fully complied with the principles of The National Code of Corporate Governance for Mauritius and the King IV on Corporate Governance for South Africa for the reasons stated below:

PRINCIPLE 15: The Board ensures that assurance services and functions enable an effective control environment, and that these support the integrity of information for internal decision-making and of Astoria's external reports Areas of Non-Application of the Code:

Organisations should consider having an effective and independent internal audit function that has the respect, confidence and cooperation of both the Board and the management.

Explanation for Non-Application:

The Company has not established an internal audit function due to the Board having decided that the cost of this is not justified bearing in mind the Company's size and the relative simplicity of its business model. The Board will consider the need for an internal audit function on an annual basis, taking into account advice from the Audit and Risk Committee and the Company's auditors.

Catherine McIlraith

Director

28 March 2022

AUDIT AND RISK COMMITTEE REPORT

for the year ended 31 December 2021

The Audit and Risk Committee (“**the Committee**”) is an independent committee comprising of three independent non-executive directors. The Committee has specific responsibilities to the shareholders in terms of the Code, King IV and the Companies Act 2001 of Mauritius. The role of the Committee is to ensure the integrity of financial reporting and the audit process. In pursuing these objectives, the Committee oversees relations with and independence of the external auditors. The Committee also assists the Board in discharging its duties relating to the safeguarding of assets, the operation of adequate systems and internal control processes, overseeing the preparation of accurate financial reports and statements in compliance with all applicable legal requirements and accounting standards, ensuring compliance with good governance practices and nomination of external auditors.

ROLE OF THE COMMITTEE

The primary objective of the Committee is to provide the Board with additional assurance regarding the efficacy and reliability of the financial information used by the directors to assist them in discharging their duties. The Committee is required to provide comfort to the Board that adequate and appropriate financial and operating controls are in place, that significant business, financial and other risks have been identified and are being suitably managed, that the Chief Financial Officer has the appropriate expertise and experience and that satisfactory standards of governance, reporting and compliance are in operation.

The Committee serves in an advisory capacity to the Board and assists the directors to discharge their duties relating to the safeguarding of assets, the operation of adequate systems, risk management and internal controls, the review of financial information and the preparation of the annual financial statements. This includes satisfying the Board that adequate internal, operating and financial controls are in place and that material risks have been identified and are being effectively managed and monitored. When required the Committee discusses the accounting principles and application of them with the external auditors. In addition to the above, the Committee also has its own statutory responsibilities.

MEETINGS HELD BY THE COMMITTEE

Meetings of the Committee are held as frequently as the Committee considers appropriate. During the year ended 31 December 2021, the Committee met 4 times, of which there was a quorum of Committee members at each meeting.

EXTERNAL AUDITORS

The designated auditors are EY Mauritius and EY SA in order to meet the requirements of the dual listing on the SEM and the JSE. The Committee continues to be satisfied that the external auditors are independent. The Committee further confirms that it assessed the suitability of the appointment of EY Mauritius and EY SA as well as Roger de Chazal and Joline Allison in accordance with paragraph 3.84 (g) (iii) of the JSE Listings Requirements. Requisite assurance continues to be sought and continues to be provided so that internal governance processes within the firm support and demonstrate the claim to independence. The audit fee for the external audit has been considered and approved taking into consideration such factors as the timing of the audit, the extent of the work required and the scope. The provision of any non-audit services by the external auditor requires pre-approval by the Committee. The Committee did not meet with the external auditors without management being present during the current financial year.

ACCOUNTING PRACTICES AND INTERNAL CONTROL

The Board has ultimate responsibility for the internal, financial and operating systems of the Company and for monitoring of their effectiveness. These systems are designed to provide reasonable but not absolute assurance against material misstatement and loss and the integrity and reliability of the financial statements.

The systems, which are monitored by the Committee on an ongoing basis in order to adapt to changing business circumstances, are designed to provide reasonable safeguards regarding:

- Unauthorised disposal or use of Company’s assets;
- Risk of fraud and potential liability;
- Compliance with the relevant legislation and regulations; and
- The maintenance of proper accounting records.

The Committee accordingly confirms that Astoria has established appropriate financial reporting procedures and that those procedures are operating.

Audit and Risk Committee report

for the year ended 31 December 2021

continued

LEGAL AND REGULATORY COMPLIANCE

The Committee has complied with all applicable legal, regulatory and other responsibilities for the financial year.

CHIEF FINANCIAL OFFICER

As required by the SEM Listing Rules and the JSE Listings Requirements, the Committee confirms that the Company's Chief Financial Officer, being Dean Schweizer, has the necessary expertise and experience to carry out his duties.

INTERNAL AUDIT

Due to the size of the Company, no internal audit function has been established. The need for internal audit will be considered and assessed going forward.

TERMS OF ENGAGEMENT AND FEES PAID TO EXTERNAL AUDITOR

The Committee, in consultation, with the Board, agreed to the engagement letter, terms, audit plan and budgeted audit fees for the financial year ended 31 December 2021. The Committee considered the fee to be fair and appropriate. No amounts have been paid to the appointed external auditor for non-audit services during the financial year.

PURPOSE

From an oversight perspective, the Committee is primarily responsible for:

- Assessing the independence of and recommending the appointment of the external auditors;
- Evaluating the performance of the external auditors;
- Reviewing the scope and effectiveness of the external audit functions;
- Determining the fees paid to the auditors and the auditor's terms of reference;
- Ensuring that the appointment of the auditor complies with the provision of the Companies Act of Mauritius 2001 and any other legislation relating to the appointment of auditors, the rotation of Audit Firms as well as designated audit partners;
- Agreeing to the timing and nature of reports from the external auditor;
- Considering any problems identified in the going concern or internal control statements;
- Ensuring that adequate books and records have been maintained;
- Ensuring the integrity, reliability and efficiency of the Company's risk management strategy/ policy and portfolios;
- Ensuring that the Company adheres to the requirements of the relevant regulatory bodies including the Mauritius Financial Services Commission, SEM and the JSE;
- Resolving and dealing with any complaints concerning the accounting policies, the content and audit of financial statements and related matters; and
- Ensuring the expertise and experience of the financial director are appropriate.

ANNUAL FINANCIAL STATEMENTS

The fair value of unlisted financial instruments held by Astoria are determined using a variety of valuation techniques which require significant management judgement. The Committee therefore considers the fair value of the unlisted investments as a key area of focus when reviewing the annual financial statements. As part of the review, the Committee has satisfied itself that the methodologies and inputs applied in determining the fair values are acceptable methodologies in terms of industry norms. Going forward the Committee will continue to focus on the determination of the fair values of the unlisted financial instruments.

Following our review of the financial statements for the year ended 31 December 2021, the Committee is of the opinion that, in all material respects, they comply with the relevant provisions of the Mauritian Companies Act 2001 and International Financial Reporting Standards ("IFRS") and that they show a true and fair view of the financial position as at 31 December 2021 for Astoria and of its financial performance and cash flows for the year then ended.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

for the year ended 31 December 2021

The directors acknowledge their responsibilities for and report that:

- a) the annual financial statements set out on pages 41 to 73, fairly present in all material respects the financial position, financial performance and cash flows of the issuer in terms of IFRS and the Mauritius Companies Act 2001;
- b) no facts have been omitted or untrue statements made that would make the annual financial statements false or misleading;
- c) internal financial controls have been put in place to ensure that material information relating to the issuer have been provided to effectively prepare the financial statements of the issuer;
- d) the internal financial controls are adequate and effective and can be relied upon in compiling the annual financial statements, having fulfilled our role and function within the combined assurance model pursuant to principle 15 of the King Code. Where we are not satisfied, we have disclosed to the audit committee and the auditors the deficiencies in design and operational effectiveness of the internal financial controls and any fraud that involves directors, and have taken the necessary remedial action;
- e) the Company's ability to continue as a going concern has been assessed and there is no reason to believe that it will not be a going concern in the year ahead; and
- f) the National Code of Corporate Governance for Mauritius has been applied and reasons for non-compliance have been provided where applicable.

The external auditors are responsible for reporting on whether the financial statements are fairly presented, and their report can be located on page 33.

Signed on behalf of the Board

Dean Schweizer
Director

STATEMENT OF RESPONSIBILITY BY CHIEF FINANCIAL OFFICER

I, Dean Schweizer, hereby confirm that:

- (a) the annual financial statements set out on pages 41 to 73, fairly present in all material respects the financial position, financial performance and cash flows of Astoria in terms of International Financial Reporting Standards;
- (b) no facts have been omitted or untrue statements made that would make the annual financial statements false or misleading;
- (c) internal financial controls have been put in place to ensure that material information relating to Astoria have been provided to effectively prepare its financial statements; and
- (d) the internal financial controls are adequate and effective and can be relied upon in compiling the annual financial statements, having fulfilled my role and function within the combined assurance model pursuant to principle 15 of the King Code.

Where I am not satisfied, I have disclosed to the audit committee and the auditors the deficiencies in design and operational effectiveness of the internal financial controls and any fraud that involves directors and have taken the necessary remedial action.

Signed by the CFO

SECRETARY'S CERTIFICATION

As Per Section 166(D) Of The Mauritius Companies Act 2001

We certify to the best of our knowledge and belief that we have filed with the Registrar of Companies all such returns as are required of Astoria Investments Ltd under the Mauritius Companies Act 2001 for the year ended 31 December 2021.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ASTORIA INVESTMENTS LTD

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Astoria Investments Ltd (the "Company") set out on pages 41 to 73 which comprise the statement of financial position as at 31 December 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 December 2021, and of its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards and comply with the Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) and other independence requirements applicable to performing audits of financial statements of the Company and in Mauritius. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and in accordance with other ethical requirements applicable to performing audits of the Company and in Mauritius. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

The Key Audit Matters applies to the audit of the financial statements.

Independent auditor's report

continued

Key Audit Matter	How the matter was addressed in the audit
Fair value estimation of level 3 financial assets carried at fair value	
<p>As at 31 December 2021, the Company's investments in unlisted financial instruments amounted to \$29,423,880 (PY: \$25,351,373).</p> <p>The Company measures financial instruments at fair value through profit and loss in accordance with IFRS 9 Financial Instruments. The unlisted financial instruments are considered to be level 3 investments in terms of the fair value hierarchy.</p> <p>Financial instruments that are classified as a level 3 in the fair value hierarchy will have a significant element of estimation uncertainty inherent in their value, which by their nature are unobservable.</p> <p>Management determines the fair value of the level 3 financial instruments using various valuation techniques, including market multiples and discounted cash flow (DCF) method, both of which require significant management judgements regarding the estimation and assumptions of inputs used in these valuation techniques.</p> <p>Judgements were thus applied regarding assumptions, such as peer group comparable, multiple adjustments and marketability discounts; and future cash flow forecasts and discount rates and amongst others, that are based on market conditions existing at the end of the financial year.</p> <p>We considered this to be a key audit matter due to the significance of the value of level 3 financial instruments, the extent of our procedures performed over the individual investments, the inputs and assumptions into their valuation, and the sensitivity of these financial instruments to the assumptions.</p> <p>The disclosures relating to the valuation of the financial instruments are presented in <i>Note 3.4 – Accounting Policy for financial instruments</i>, <i>Note 2.1 – Significant judgements and sources of estimation uncertainty</i> and <i>Note 6 – Investments</i>.</p>	<p>Our audit included the following procedures, with assistance from our valuation specialists:</p> <ul style="list-style-type: none"> • We assessed the appropriateness of the valuation methodologies against accounting standards and generally accepted industry principles; • Where market multiples were used as the valuation technique: <ul style="list-style-type: none"> – We evaluated the peer group applied by management by considering the size, industry, geography, accounting policies, capital structure of the underlying entities against the entities in the peer group; – We compared the market and financial data of the peer group used by management to externally available data; – We compared peer multiples at the valuation date to the final multiple used by management and evaluated the rationale supporting adjustments (such as marketability discounts) applied by management; • Where the discounted cash flow (DCF) method was used as the valuation technique: <ul style="list-style-type: none"> – We assessed the appropriateness of the significant inputs and assumptions used in the DCF model for the operations of the underlying entity such as the cashflow projections and discount rate used by comparing with the respective information to historical trends of the underlying operations, the underlying entity's approved management business plans, and external market data (where available) based on our industry knowledge; – We assessed management ability to make forecasts by comparing previous plans and forecasts to the actual results; – Based on our judgement, we performed sensitivity analyses to assess the impact of the changes to the inputs on the valuation of the financial instruments; • We recalculated the mathematical accuracy of the valuation models used and compared the recalculated fair value to the valuation determined by management; • We assessed whether the financial statement disclosures related to the accounting estimates, including the description of estimation uncertainty and management's significant judgments are in accordance with the requirements of IFRS13 <i>Fair Value Measurement</i>, IFRS 9 <i>Financial Instruments</i> and IFRS 7 <i>Financial Instruments: Disclosures</i>, and that the sensitivity to key inputs appropriately reflect the Company's exposure to financial instrument valuation risk.

Independent auditor's report

continued

Other information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Astoria Integrated Annual Report 2021", which includes the Corporate data, Shareholders' Letter, Corporate Governance Report, the Audit and Risk Committee's Report, the Statement of Directors' Responsibilities, the Statement of Responsibility of Chief Financial Officer and the Secretary's Certification as required by the Companies Act 2001 and the Group Structure, the Notice of AGM and the Form of Proxy. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Corporate Governance Report

The Directors are responsible for preparing the Corporate Governance Report. Our responsibility under the Financial Services Commission' Circular Letter CL281021 is to report on the compliance with the Code of Corporate Governance (the "Code") disclosed in the Corporate Governance Report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the Corporate Governance Report, the Company has complied with the requirements of the Code.

Responsibilities of the Directors for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and the requirements of the Companies Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent auditor's report

continued

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Section 205 of the Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Companies Act 2001

We have no relationship with or interests in the Company other than in our capacity as auditor and dealings in the ordinary course of business.

We have obtained all the information and explanations we have required.

In our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ASTORIA INVESTMENTS LTD

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Astoria Investments Ltd (the "Company") set out on pages 41 to 73 which comprise the statement of financial position as at 31 December 2021, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2021, and of its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing the audits of financial statements of the Company and in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits of the Company and in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

The Key Audit Matters applies to the audit of the financial statements.

Independent auditor's report

continued

Key Audit Matter	How the matter was addressed in the audit
Fair value estimation of level 3 financial assets carried at fair value	
<p>As at 31 December 2021, the Company's investments in unlisted financial instruments amounted to \$29,423,880 (PY: \$25,351,373).</p> <p>The Company measures financial instruments at fair value through profit and loss in accordance with IFRS 9 Financial Instruments. The unlisted financial instruments are considered to be level 3 investments in terms of the fair value hierarchy.</p> <p>Financial instruments that are classified as a level 3 in the fair value hierarchy will have a significant element of estimation uncertainty inherent in their value, which by their nature are unobservable.</p> <p>Management determines the fair value of the level 3 financial instruments using various valuation techniques, including market multiples and discounted cash flow (DCF) method, both of which require significant management judgements regarding the estimation and assumptions of inputs used in these valuation techniques.</p> <p>Judgements were thus applied regarding assumptions, such as peer group comparable, multiple adjustments and marketability discounts; and future cash flow forecasts and discount rates and amongst others, that are based on market conditions existing at the end of the financial year.</p> <p>We considered this to be a key audit matter due to the significance of the value of level 3 financial instruments, the extent of our procedures performed over the individual investments, the inputs and assumptions into their valuation, and the sensitivity of these financial instruments to the assumptions.</p> <p>The disclosures relating to the valuation of the financial instruments are presented in <i>Note 3.4 - Accounting Policy for financial instruments, Note 2.1 – Significant judgements and sources of estimation uncertainty and Note 6 - Investments</i>.</p>	<p>Our audit included the following procedures, with assistance from our valuation specialists:</p> <ul style="list-style-type: none"> • We assessed the appropriateness of the valuation methodologies against accounting standards and generally accepted industry principles; • Where market multiples were used as the valuation technique: <ul style="list-style-type: none"> – We evaluated the peer group applied by management by considering the size, industry, geography, accounting policies, capital structure of the underlying entities against the entities in the peer group; – We compared the market and financial data of the peer group used by management to externally available data; – We compared peer multiples at the valuation date to the final multiple used by management and evaluated the rationale supporting adjustments (such as marketability discounts) applied by management; • Where the discounted cash flow (DCF) method was used as the valuation technique: <ul style="list-style-type: none"> – We assessed the appropriateness of the significant inputs and assumptions used in the DCF model for the operations of the underlying entity such as the cashflow projections and discount rate used by comparing with the respective information to historical trends of the underlying operations, the underlying entity's approved management business plans, and external market data (where available) based on our industry knowledge; – We assessed management ability to make forecasts by comparing previous plans and forecasts to the actual results; – Based on our judgement, we performed sensitivity analyses to assess the impact of the changes to the inputs on the valuation of the financial instruments; • We recalculated the mathematical accuracy of the valuation models used and compared the recalculated fair value to the valuation determined by management; • We assessed whether the financial statement disclosures related to the accounting estimates, including the description of estimation uncertainty and management's significant judgments are in accordance with the requirements of IFRS13 <i>Fair Value Measurement</i>, IFRS 9 <i>Financial Instruments</i> and IFRS 7 <i>Financial Instruments: Disclosures</i>, and that the sensitivity to key inputs appropriately reflect the Company's exposure to financial instrument valuation risk.

Other information

The directors are responsible for the other information. The other information comprises the information included in the 84-page document titled "Astoria Integrated Annual Report 2021", which includes the Corporate Data, the Shareholder's Letter, the Corporate Governance Report, the Audit and Risk Committee Report, the Statement of Directors' Responsibilities, the Statement of Responsibility by Chief Financial Officer, the Secretary's Certification, the Group Structure, the Notice of AGM and the Form of Proxy. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent auditor's report

continued

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or related safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In terms of the IRBA Rule published in Government Gazette Number 39475 dated 4 December 2015, we report that Ernst & Young Incorporated has been the auditor of Astoria Investments Limited for 2 years.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

for the year ended 31 December 2021

1. GENERAL INFORMATION

Astoria Investments Ltd (“the Company” or “Astoria”) was incorporated in the Republic of Mauritius on 20 April 2015 as a public company limited by shares and has its registered office address at Block 7, Unicity Office Park, Black River Road, Bambous, Republic of Mauritius. The Company holds a Global Business Licence issued by the Financial Services Commission in terms of the Financial Services Act 2007. The Company has its primary listings on the Stock Exchange of Mauritius (“SEM”) and on the JSE Alternative Exchange (“AltX”). The principal objective of the Company is that of investment holding.

2. BASIS OF PREPARATION

Statement of compliance

The separate annual financial statements have been prepared on the going concern basis in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and in compliance with the requirements of the Mauritius Companies Act, Listing Requirements of the JSE Limited and Listing Requirements of the Stock Exchange of Mauritius (“SEM”). The separate annual financial statements have been prepared on the historical cost basis, except as set out below, and incorporate the principal accounting policies set out below. The separate annual financial statements are presented in the Functional Currency of the Company being United States Dollar (“USD” or “\$”) as well as in a presentation currency of South African Rands (“R” or “ZAR”).

These accounting policies have been applied consistently to all periods presented in these financial statements, unless otherwise disclosed. The adoption of the new accounting standards and amendments to IFRS had no material impact on the results of either the current or prior year. Refer to note 4.

Functional and presentation currencies

The annual financial statements are prepared and presented in United States Dollars (“USD” or “\$”) which is the Company’s functional currency. The financial statements are also presented in South African Rands (“R”) given the primary listing on the JSE Limited Stock Exchange. The Company has recorded a foreign currency translation reserve on conversion from \$ to R.

	31 December	
	2021	2020

Closing exchange rate used for the year ended	15,95	14,65

Notes to the annual financial statements

for the year ended 31 December 2021
continued

2.1 Significant judgements and sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates, judgements and assumptions that affect the amounts represented in the financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may have a material impact to the financial statements.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Assessment as an investment entity

Astoria continues to hold investments which are considered to be subsidiaries, joint ventures or associates and the Board considered the following when applying IFRS 10:

An investment entity can be defined as follows:

- an entity that obtains funds from one or more investors for the purpose of providing those investors with investment services;
- an entity that commits to its investors that its business purpose is to invest funds solely for returns from capital appreciation, investment income or both; and
- an entity that measures and evaluates the performance of substantially all its investments on a fair value basis (refer to note 6 for additional disclosures relating to fair value).

The Company is considered to meet all three conditions of the definition and, hence, qualifies as an investment entity. Consolidated Financial Statements are therefore, not prepared and any investment made with the sole purpose of generating returns from capital appreciation, investment income or both and where Astoria evaluates the performance of the investment on a fair value basis, will not be consolidated and will be measured at fair value. Astoria also applies the exemption in IAS 28 to carry any interests in associates and joint ventures at fair value through profit or loss.

The Board has also concluded that the Company meets the additional characteristics of an investment entity, in that it has exposure, directly or indirectly, to more than one investment; the investments are predominantly in the form of equities and similar securities; its ultimate beneficial investors are not related parties and exit strategies are considered for investments when evaluating their fair values. Should any of these criteria or characteristics change, the conclusions will be reassessed on an annual basis.

Notes to the annual financial statements

for the year ended 31 December 2021
continued

Fair value estimation

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price.

The Company uses valuation techniques for unlisted financial instruments that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The Directors are of the opinion that the carrying value of trade and other payables approximates their fair values due to their short-term nature.

Although estimates are based on management's best knowledge and judgement of current facts as at the reporting date, the actual outcome may differ from the estimates, possibly significantly.

Functional currency

Functional currency is the currency of the primary economic environment in which the Company operates. Given the Company targets a USD capital growth and return, the functional currency is determined to be USD. If indicators of the primary economic environment are mixed, then management uses its judgement to determine the functional currency that most faithfully represents the economic effect of the underlying transactions, events and conditions. The majority of the Company's ongoing transactions are denominated in USD and therefore USD has been used as the functional currency as it is aligned with the Company's regulatory environment and ongoing business strategy of providing a USD based growth.

Segmental analysis

The directors considered the implications of IFRS 8 – Operating Segments and are of the opinion that the operations of the Company are substantially similar and that the risks and returns of these operations are likewise similar. Disclosure is made on an investment level which all form part of the same operating segment.

Resource allocation and the management of the operations are performed on an aggregated basis, and as such the Company is considered to be a single aggregated business and therefore there is no additional reporting requirements in terms of IFRS 8.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the whole period presented in these financial statements.

3.1 Income and expenses recognition

Dividend income is recognised when the right to receive income is established. Usually this is the ex-dividend date for equity securities. Dividend income from equity securities measured at fair value through profit or loss is recognised in the "dividend income" line in the Statement of Comprehensive Income.

Net gain or loss on financial assets at fair value through profit or loss measures all realised and unrealised fair value changes and foreign exchange differences related to financial assets at fair value through profit or loss, but excludes interest and dividend income.

Realised gain or loss on disposal of financial assets at fair value through profit or loss is calculated using the weighted average cost method.

Interest income is recognised on receivables and cash balances using the effective interest method.

Expenses are recognised in the Statement of Comprehensive Income on an accrual basis.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

3.2 Taxation

Income tax

Taxation expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Deferred taxation

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- temporary differences related to investments in subsidiaries to the extent that the Group and the Company are able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity.

3.3 Foreign currency transactions

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates, which has been determined to be USD (the "functional currency").

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are recognised in profit or loss.

For the translation into the presentation currency of ZAR, non-monetary assets and liabilities are translated from the functional currency at the closing exchange rate on the date of the statement of financial position. Non-monetary items that are measured based on historical cost are translated at the exchange rate at the date of the transaction. Income and expenses are translated at the average exchange rate for the period as are the cash flows. Translation differences are recognised in the translation reserve in equity.

3.4 Financial instruments

Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost or fair value through profit or loss ("FVTPL").

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs. Transaction costs for financial assets at FVTPL are recognised as an expense when incurred. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price.

For a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are 'solely payments of principal and interest ("SPPI")' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into one of two categories:

- Financial assets at amortised cost;
- Financial assets at FVTPL.

Financial assets at amortised cost

The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Company's financial assets at amortised cost includes cash and cash equivalents which comprise of cash at bank and demand deposits.

Financial assets at FVTPL

Financial assets at FVTPL include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not SPPI are classified and measured at FVTPL, irrespective of the business model.

Financial assets at FVTPL are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

The Company's financial assets at FVTPL includes all investments.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- the rights to receive cash flows from the asset have expired; or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without a material delay to a third party under a 'passthrough' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised for those credit exposures for which there has been a significant increase in credit risk since initial recognition, over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and financial liabilities at amortised cost as appropriate. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs. The Company's financial liabilities include trade payables.

Subsequent measurement

Trade payables are subsequently measured at amortised cost, using the effective interest method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Fair value determination

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.5 Stated capital

Shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Any movement in stated capital such as share issues and cancellations are recorded directly in equity.

3.6 Earnings per share and headline earnings per share

Basic and diluted earnings or loss per share is calculated by dividing the profit or loss by the weighted average number of ordinary shares in issue during the year. In the case of diluted earnings or loss per share, the profit or loss and weighted average number of ordinary shares in issue are adjusted for the effect of all dilutive potential equity shares.

Headline earnings or loss per share is calculated by dividing headline profit or loss by the weighted average number of ordinary shares in issue during the year.

4. NEW AND REVISED STANDARDS AND INTERPRETATIONS

4.1 Standards and interpretations effective or early adopted in the current year

No material new and revised IFRS statements, interpretations and amendments applicable to the Company were adopted during the current financial year.

4.2 Standards and interpretations not yet effective

The following new and revised IFRS statements, interpretations and amendments applicable to the Company have been issued but are not yet effective. The Company plans to adopt these statements when they become effective.

Standard/ Interpretation	Effective date: Years beginning on or after	Impact
IAS 1 – Amendments to IAS 1 Classification of liabilities as current and non-current	1 January 2023	<p>The amendments specify the requirements for classifying liabilities as current and non-current. The amendments clarify:</p> <ul style="list-style-type: none">• What is meant by a right to defer settlement• That a right to defer must exist at the end of the reporting period• That classification is unaffected by the likelihood that an entity will exercise its deferral right• That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification. <p>The changes are not expected to have a material impact on the Company.</p>

6. INVESTMENTS (continued)

The investments purchased from RAC IH in the prior year were settled through the issue of 100 shares in Astoria to RAC IH which were listed on the JSE on 21 December 2020. The investments were recognised at their fair value on initial recognition. Refer to note 19 for further details.

Level 1

Class 1 financial assets are valued at the listed price per the exchange on which they trade.

Level 2

Class 2 financial assets are valued based on the listed price to which the instrument is linked.

Level 3

Class 3 unlisted investments are valued using a number of valuation techniques based on the following unobservable market data for each investment as applicable:

- Net profit of investee
- Equity and net debt of investee
- Return on capital
- Price/Earnings ratio
- Expected cash flows
- NAV of the investee if it recognises its assets and liabilities at fair value

Management uses the above information in multiple valuation techniques by comparing the investee information to similar type entities in the listed market. The nature of the fair value calculations means that fair values range greatly and are sensitive to indirect and direct quantifiable and unquantifiable inputs. Management is responsible for preparing the valuations which are reviewed by the Audit and Risk Committee and approved by the Board.

6. INVESTMENTS (continued)

Description of significant unobservable inputs and their sensitivities

31 December 2021

	Valuation technique	Fair value \$	Fair value R	Significant unobservable inputs	Input value	Sensitivity
Outdoor Investment Holdings	Multiple	12 419 574	198 067 702	EBIT	6	A change in multiple by 1 would result in a change in fair value of approximately R44,5m which equates to \$2,8m at the year-end closing exchange rate.
Astoria Treasury and Management	NAV	5 119 027	81 638 374	Expected credit losses on the outstanding loan balances	31%	A change in the credit losses of 10% would result in a change in net asset value of ATAM of approximately R2,2m which equates to \$0,15m at the year-end closing exchange rate.
JB Private Equity Investors Partnership	NAV	3 572 757	56 978 419	N/A	N/A	The NAV of the JB Private Equity Investors Partnership is directly linked to the underlying investment in Afrimat Limited (which is listed on the JSE) and it is not currently significantly impacted by any fair value adjustment to trade and other payables and therefore NAV of the JB Private Equity Investors Partnership is considered to be fair value. A 10% upward or downward movement in the Afrimat share price would have a R8,1m impact on the Partnership NAV which equates to \$0,5m at the year-end closing exchange rate.
Trans Hex	NAV	6 058 352	96 618 770	Discount to NAV	32%	We have valued our stake in Trans Hex on a 32% discount to its NAV as at 31 December 2021 to account for a cash flow and liquidity discount. A 5% movement in the discount applied to NAV would have a \$0,45m impact on the fair value of our investment in Trans Hex which equates to R7,2m at the closing exchange rate.
	Discounted cash flow			Discount rate	24%	An increase in the discount rate by 2% would result in a reduction in value of \$1m which equates to R15,9m as at year-end. A decrease in the discount rate by 2% would result in an increase in value of \$1,1m which equates to R17,5m as at year-end.
				Carats produced per cubic meter of ground mined	0,18	A 10% increase in yield of carats per cubic meter of ground mined, would result in an increase in fair value of approximately \$3,5m which equates to R56,4m. A 10% decrease in yield of carats per cubic meter of ground mined, would result in a decrease in fair value of approximately \$4,1m which equates to R64,8m.

Factors that are taken into account by the investment manager when determining valuations include current market conditions, invested market segment and economic certainty. The market for these investments often has significant barriers to entry, making the comparison pool of similar entities very narrow. Specifically, the hunting equipment industry has few market entrants with little reliable comparative data. The nature of the fair value calculations means that the range of calculated fair values could vary greatly and are sensitive to indirect and direct quantifiable and unquantifiable inputs.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

6. INVESTMENTS (continued)

Outdoor Investment Holdings (“OIH”)

We value OIH on a multiple of 6 x EBIT (earnings before interest and tax), the same multiple at which Astoria acquired OIH from RAC IH. Given the specialist nature of OIH there is not much reliable comparative data for this business in South Africa. Our multiple reflects our best estimate of the long-term growth prospects of the business, taking into account the overall economy and the ALSI. The expected returns priced into the valuation take into account that Safari and Outdoor has matured as well as the potential for the likes of the Family Pet Centre to experience faster growth given it is growing off a relatively small base. The business experienced a strong surge in sales as lockdown restrictions were lifted, which subsequently abated. OIH repurchased shares in the current financial year which has resulted in our shareholding increasing from 33% to 38%.

Astoria Treasury and Management (“ATAM”)

ATAM is valued based on its NAV, given that it currently has loans receivable against which it has recognised expected credit losses (“ECL”). In essence, the loan balances less ECL are the fair values of the loans receivable. The ECL are constantly reviewed by management of ATAM and updated as required. ECL are set for each loan receivable based on the specific circumstances relating to each counterparty. For each specific reasonable possible ECL, a probability weighting is applied. This process results in an overall ECL for each loan receivable, which ranges anything up to 58% of the loan balance receivable. COVID-19 has had no operational impact on the business, but it has resulted in an increase in the ECL from pre-COVID levels by 150%. No ECL levels were reduced during the current financial year.

Trans Hex

The main driver of the valuation of Trans Hex is its investment into the Somiluana Mine in Angola. Trans Hex's 33% share in the Somiluana mine is valued on a discounted cash flow basis using a discount rate of 24% in US\$ and an expected yield of 0,18 carats per cubic meter mined. The cash flows are based on the average price of diamonds over the last 2 years. We apply a 32% discount to NAV in calculating the fair value of our ownership stake in Trans Hex to reflect the fact that Astoria holds a minority stake and the inherent risk associated with repatriating dividends from Angola.

ISA Carstens

The two main valuation drivers of the ISA Carstens Group are the Education Services it provides as well as the properties that it owns. For the valuation of the properties, independent specialist property valuers determine the values of the properties. The capitalisation rates used for the valuation of the properties of between 8,5% and 9,5% are within the industry norms and therefore we felt no need to make any change to the values of properties as determined by the specialists. We have not made adjustments to the value of properties as determined by the specialists.

We have deducted the actual value of the mortgages as at 31 December 2021 off against the value of the properties. For the valuation of the Education Services, we applied a multiple of 6 to PAT (profit after tax). As with OIH, our multiple for ISA Carstens is determined to allow for future returns based on our best estimate of the long-term growth prospects of the business taking into account the overall economy and our required returns on capital.

9. STATED CAPITAL (continued)

The holders of ordinary shares shall be entitled to cast one vote for each ordinary share held with respect to all matters subject to approval of the shareholders under the Constitution. Each shareholder is entitled to dividends as and when they may be declared by the Directors. As per Section 73 of the Mauritius Companies Act, the rights and obligations attaching to a share that a company holds in itself pursuant to section 72 (treasury shares) shall not be exercised by or against a company while it holds the share. While a company holds a share in itself pursuant to section 72, the company shall not exercise any voting rights attaching to the share; or make or receive any distribution authorised or payable in respect of the share. The stated capital is fully paid. During the prior year, the Company completed a share consolidation on a ratio of 2.16583 to 1.

The treasury shares reserve relates to the costs from when the Company repurchased shares in prior years. Due to the Company no longer holding treasury shares, the reserve was transferred to retained income during the prior year.

The non-distributable reserve arose through the transfer of USD 121 million from stated capital when shareholders approved capital repayments. During the prior financial year, the remaining balance of the non-distributable reserve was repaid to shareholders as a capital repayment.

The translation reserve arises on translation of the functional currency amounts to the presentation currency.

Retained earnings comprise of all accumulated profits of the Company.

4 912 367	–		–	298 361
		Astoria LP Holdings sold its investment in Apollo Natural Resources in November 2019 which resulted in the purchaser withholding tax in terms of the United States of America (“USA”) Tax rules. During the prior financial year, the purchaser received confirmation from the Internal Revenue Services of the USA that the withholding tax was not required and therefore it was paid to Astoria LP Holdings who in turn repaid a portion of the loan owing to Astoria. Given the loan to Astoria LP Holdings had been fully impaired as at 31 December 2019, the receipt of funds resulted in the reversal of loan impairment in the prior year.

13. TAXATION

Under the applicable laws, the Company is liable for income tax in Mauritius on its chargeable income at the rate of 15 %. The Company is however entitled to a foreign tax credit equivalent to the higher of 80% of its foreign sourced chargeable income attributable to its investment holding activities and foreign tax suffered on the totality of its activities subject to the below. Effective from 1 January 2019 and subject to the following transitional provisions, credit in respect of the 80% presumed foreign tax has been abolished:

Due to Astoria having been issued with a Global Business Licence on or before 16 October 2017, it can claim credit in respect of 80% presumed foreign tax available up to 30 June 2021.

Effective 1 January 2019, an 80% partial exemption has been introduced. The partial exemption is available on following specified income, and as applicable, is conditional on the Company satisfying the conditions relating to the substance of its transactions, as prescribed by the Financial Services Commission.

- Foreign source dividend
- Interest income
- Income attributable to a permanent establishment which a resident company has in a foreign country
- Income derived by a collective investment scheme (CIS), closed end fund, CIS Manager, CIS Administrator, Investment Advisor or Asset Manager
- Income derived by companies engaged in ship and aircraft leasing
- Leasing and provision of international fibre capacity
- Reinsurance and reinsurance brokering activities
- Sale, financing arrangement, asset management of aircraft and its spare parts and aviation related advisory services

Gains or profits from the sale of units, securities or debt obligations are exempt from tax in Mauritius. The Company has been issued with a GBC 1 Licence on 24 April 2015 and was therefore eligible for the credit in respect of the 80% presumed foreign tax for the year ended 31 December 2021. At the reporting date, the Company had tax losses of \$282 004 (2020: \$1 899 644) and is therefore not liable for income tax. The tax losses are available for set off against future tax profits of the Company up to the year of assessment 2024/2025. The Company was liable for withholding tax of \$44 761 (2020: Nil) during the financial year.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

13. TAXATION (continued)

Tax losses can be carried forward up to a maximum of five years. The time limit of five years shall not apply for the carry forward of any amount of losses attributable to annual allowance claimed in respect of capital expenditure. The Company has not recognised a deferred tax asset in respect of tax losses carried forward given the cyclical nature of income earned and there being no guarantee that the tax losses will be utilised within 5 years. The tax losses available for set off against future taxable profits of the Company will expire as follows:

Financial year-end	Loss/ (Tax losses utilised)	Year of expiry
31 December 2019	326 323	31 December 2024

17. INVESTMENTS IN SUBSIDIARIES AND ASSOCIATES

Subsidiaries

As at the end of the prior year Astoria had a 70% interest in CNA Holdings (Pty) Ltd (“CNA”). At the time, CNA operated 165 retail stores across South Africa, which specialised in the supply of books, stationary, magazines, board games and gifting and related items. CNA is incorporated in South Africa and given the shareholding, CNA was considered to be a subsidiary. The investment was sold in the current financial year.

As at year-end Astoria has a 90% (2020: 90%) interest in the JB Private Equity Investors Partnership. The partnership holds 1% of the issued shares in Afrimat Limited (“Afrimat”). Afrimat is a mining company providing industrial minerals and construction materials across Southern Africa. Afrimat is incorporated in South Africa and is listed on the JSE. Given the holding structure, JB Private Equity Investors Partnership is considered to be a subsidiary.

As at year-end Astoria has a 100% (2020: 100%) interest in Astoria Treasury and Management (Pty) Ltd (“Astoria Treasury”). Astoria Treasury, which is incorporated in South Africa, operates as a treasury and management company with its business being to provide loan funding to businesses in South Africa, including loans to investees of Astoria. Given the 100% ownership, Astoria Treasury is considered to be a subsidiary.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

17. INVESTMENTS IN SUBSIDIARIES AND ASSOCIATES (continued)

Associates

As at year-end, Astoria has a 38% (2020: 33%) interest in Outdoor Investment Holdings (Pty) Ltd ("OIH"). OIH is the largest hunting and safari related chain in South Africa with a wide range of products catering for all hunting requirements. Given the holding, Astoria is considered to have significant influence over OIH and it is therefore considered to be an associate.

As at year-end, Astoria has a 49% (2020: 49%) interest in ISA Carstens (Pty) Ltd ("ISA Carstens"). ISA Carstens is a private tertiary education institution which provides tuition for students who wish to follow a career in the health and wellness industry. ISA Carstens is domiciled in South Africa with campuses in Stellenbosch and Pretoria. Astoria has 49% of the voting rights under its control and therefore ISA Carstens is considered to be an associate as at year-end.

As at year-end, Astoria has a 49,9% (2020: 49,9%) interest in Vehicle Care Group ("VCG"). VCG provides insurance, warranties and service plans to the vehicle trade (VCG Protect), acting as an intermediary for obtaining finance and insurance for customers of its group of dealer clients (VCG Finsure) and providing long-term motor vehicle rentals to individuals (VCG Flexidrive). VCG is domiciled in South Africa. Astoria has 49,9% of the voting rights under its control and therefore VCG is considered to be an associate as at year-end. Subsequent to year-end, VCG implemented a rights issue which resulted in Astoria's ownership increasing to 88% for R3,5m and the investment being classified as a subsidiary going forward.

As at year-end, Astoria has a 36% (2020: 36%) interest in Trans Hex Group (Pty) Ltd ("Transhex"). Transhex is an integrated, international company engaged directly and through associated companies and joint-venture agreements with others in the exploration for, mining and marketing of high-quality diamonds from land and marine alluvial deposits in South Africa and Angola. Given the 36% holding and therefore voting rights, Transhex is considered to be an associate at year-end.

19. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks from its use of financial instruments:

- **credit risk**
- **liquidity risk**
- **market risk**

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has appointed an Investment Manager to manage their investments along with advising on the different investment risks.

Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises from cash and cash equivalents and other receivables (excluding prepayments).

The Company manages credit risks by banking with reputable institutions and dealing with renowned custodians and brokers for their listed investment purposes.

The maximum exposure the Company to credit risk at the reporting date was:

2020 R	2021 R		2021 \$	2020 \$
17 513 492	19 534 052	Cash and cash equivalents	1 224 857	1 195 581
3 955	–	Other receivables	–	270
17 517 447	19 534 052	Total	1 224 857	1 195 851

Financial assets exclude prepayments. There are no ECL recognised on cash and cash equivalents and other receivables.

Notes to the annual financial statements

for the year ended 31 December 2021
continued

19. FINANCIAL RISK MANAGEMENT (continued)

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities when they become due without incurring unacceptable losses or risking damage to the Company's reputation. The Company's liquidity risk is managed in accordance with policies and procedures in place. Whilst the Investment Manager manages the day to day liquidity requirements of the portfolio, the Board has the overall responsibility of overseeing that the Company remains liquid and is able to meet its liabilities and expenses in the ordinary course of business. Given this, the Investment Manager and Chief Financial Officer communicate regularly on cash requirements.

The following are the contractual maturities of financial assets and (financial liabilities). The amounts are gross and undiscounted except for financial assets at fair value through the profit or loss. Undiscounted cash flows in respect of balances due within 12 months generally equal their carrying amounts in the statement of financial position as the impact of discounting is not significant.

2020 R	2021 R		2021 \$	2020 \$
		Due on demand		
17 513 492	19 534 052	– Cash and cash equivalents	1 224 857	1 195 581

(582 074)	(2 210 556)	Net position	(138 610)	(39 736)
		More than 12 months		
371 360 095	546 782 125	– Financial assets at fair value through profit or loss	34 285 252	25 351 373

Financial assets exclude prepayments.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Currency risk

The Company is exposed to currency risk as some of its financial assets are denominated in currencies other than USD. The Company is primarily exposed to South African Rand ("ZAR"), Mauritian rupees ("MUR") and Great British Pound ("GBP") for the reporting period.

The Company does not currently hedge its foreign exchange positions. The board of directors monitors the foreign currency exposure on an ongoing basis.

Notes to the annual financial statements

for the year ended 31 December 2021
continued

19. FINANCIAL RISK MANAGEMENT (continued)

The currency profile of the Company's financial assets and liabilities is summarised as follows:

2020 R	2021 R		2021 \$	2020 \$
		Financial assets		
11 326 544	15 111 553	– USD	947 550	773 221
377 462 141	551 046 930	– ZAR	34 552 671	25 767 937
9 536	71 718	– MUR	4 497	651
79 321	85 976	– GBP	5 391	5 415
388 877 542	566 316 177		35 510 109	26 547 224
		Financial liabilities		
(573 094)	2 210 556	– USD	138 610	(39 123)
(10 723)	–	– ZAR	–	(732)
(2 212)	–	– MUR	–	(151)
(586 029)	2 210 556		138 610	(40 006)
		Sensitivity analysis		
		Any reasonably possible strengthening or weakening of the USD against all other currencies as at 31 December 2021 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes all other variables to remain constant.		
3 774 514	5 510 469	– ZAR: 1% movement	345 527	257 672
73	717	– MUR: 1% movement	45	5

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the reporting date and had been applied to the Company's exposure to currency risk for financial instruments in existence at that date, and that all other variables, in particular interest rates, remain constant.

The stated changes represent management's assessment of reasonably possible changes in foreign exchange rates over the period until the next annual reporting date. Results of the analysis as presented in the above table represent the effects on the Company's profits/reserves measured in foreign currencies, translated into USD at the exchange rate ruling at the reporting date.

Notes to the annual financial statements

for the year ended 31 December 2021

continued

19. FINANCIAL RISK MANAGEMENT (continued)

Interest rate risk

The Company's income and operating cash flows are substantially independent of changes in market interest rates. The Company's interest bearing financial assets at year-end are cash at bank. Interest income may fluctuate in amount, in particular due to changes in interest rates but this is monitored on an ongoing basis. The interest rates are in the range from 0.50 to 1.5%. The impact of interest rate risk is considered to be immaterial and therefore no sensitivity has been prepared.

Other market price risk

2020 R	2021 R		2021 \$	2020 \$
		The Company is subject to the risk of adverse movements in the market price of listed securities and unlisted quoted securities in which it has invested. This market risk is managed by the Investment Manager by buying assets below their expected value. These investments are monitored on an ongoing basis by the Investment Manager and reported on to the directors of the Company. A decrease or increase of 10% (2020: 3%) in the market price would have an estimated impact on the Statement of Comprehensive Income and therefore NAV of the Company.		
11 140 803	54 678 213		3 428 525	760 541

The board of directors monitors the Company's overall market positions on an ongoing basis. The investment manager moderates the risk through careful selection of securities.

20. EVENTS AFTER THE REPORTING DATE

The following events were noted after the reporting date:

Astoria purchased an additional 207 280 RECM and Calibre Limited Preference Shares for a total cash consideration of R2,6m.

21. GOING CONCERN

The Company made a profit of \$8,8 million (R130,9m) (2020: \$3,6 million (R53,7m)).

Despite the ongoing impact of COVID-19, the directors are of the opinion that the Company has adequate resources to continue operating for the foreseeable future in its current form as the Company has a positive net asset and net current asset position. The Directors continue to investigate various options which will allow the Company to expand its asset base going forward. Given the current financial position and forecasted cash flows, the Directors are of the view that it is appropriate to adopt the going concern basis in preparing the Company's financial statements. As at the year-end and at the date of approval of these financial statements, the Company had a healthy cash position and no significant liabilities. The directors have therefore satisfied themselves that the Company is in sound financial position and it has access to sufficient liquid assets to meet its foreseeable cash requirements.

22. NON-CASH TRANSACTIONS

On 31 October 2020, Astoria purchased a fully funded equity swap, for R35,7m, which provided exposure to the performance of 4.2m RAC participating preference shares. During the current financial year, the equity swap was closed out by Astoria receiving transfer of 6.74m RAC participating preference shares for no additional cash consideration being paid.

NOTICE OF ANNUAL GENERAL MEETING

This document is important and requires your immediate attention.

If you are in any doubt as to any aspect of the proposals referred to in this document or as to the action you should take, you should consult your stockbroker, bank manager, solicitor, accountant or other professional adviser.

If you have sold or otherwise transferred all of your shares, please send this document, but not the accompanying personalised proxy form, at once to the purchaser or transferee, or to the stockbroker, bank or other agent through whom the sale or transfer was effected for transmission to the purchaser or transferee.

ASTORIA INVESTMENTS LTD

(Incorporated in the Republic of Mauritius)

Registration number: 129785 C1/GBL

Registered address: Block 7, Unicity Office Park, Black River Road, Bambous, Mauritius

SEM share code: ATIL.N0000

JSE share code: ARA

ISIN: MU0499N00015

("Astoria" or "the Company")

Notice of annual general meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting of Astoria will be held at Block 7, Unicity Office Park, Black River Road, Bambous, on Wednesday 25 May 2022 at 12:00 Mauritian Time (10:00 South African Time) for the purpose of:

- a. presenting the audited annual financial statements of the Company as well as the statement of directors' responsibilities, corporate governance report and independent auditors' report for the year ended 31 December 2021; and
- b. considering and if deemed fit adopting with or without modification, the shareholder resolutions set out below.

Terms defined in the Annual Report to which this Notice of Annual General Meeting is attached ("Annual Report") shall, unless the context indicates otherwise, have the meanings ascribed to them in the Annual Report.

Resolutions 1, 2, 3, 4, 5, 6 and 10 will be proposed as ordinary resolutions which require at least 50% (fifty percent) of the votes cast to be in favour in order for the resolutions to be passed. Resolution 7 will be proposed as an ordinary resolution which will require at least 75% (seventy five percent) of the votes cast to be in favour in order for the resolution to be passed. Resolution 11 will be proposed as a special resolution which require at least 75% (seventy five percent) of the votes cast to be in favour in order for the resolutions to be passed. Resolutions 8 and 9 are of a non-binding advisory nature and should these resolutions be voted against by 25% (twenty five percent) or more of the voting rights exercised, the Board undertakes to engage with dissenting shareholders in order to address their objections or concerns.

For those who are unable to attend the Annual General Meeting, please complete the hard copy proxy form enclosed and return it to the Company Secretary by 12:00 Mauritian Time (10:00 South African Time) on Tuesday, 24 May 2022.

ORDINARY RESOLUTIONS

Resolution 1: Approval of accounts

To receive and adopt the audited financial statements of the Company for the year ended 31 December 2021, together with the Statement of Directors' Responsibilities, Corporate Governance Report, and independent auditors' report thereon.

The complete audited annual financial statements of the Company are set out on pages 41 to 73 of the Integrated Annual Report of which this Annual General Meeting forms part, copies of the Integrated Annual Report having been distributed to all shareholders who have requested copies thereof. The Integrated Report is also available on the company's website:

<https://www.astoria.mu/wp-content/uploads/2022/03/Astoria-Integrated-Annual-Report-31-December-2021.pdf>

Resolution 2.1: Re-election of Director

To re-elect Mr Nicolas Hardy as an independent non-executive director.

Resolution 2.2: Re-election of Director

To re-elect Mr Piet Viljoen as a non-executive director.

The board has considered the contribution and past performance of the above directors and recommends that each director be re-elected to the Board as proposed.

Brief curricula vitae of the directors standing for re-election are to be found on page 12 of the Integrated Annual Report of which this notice of Annual General Meeting forms part.

Resolution 3: Appointment of auditors

To reappoint Ernst & Young Mauritius, as the independent auditor of the Company and Mr Roger de Chazal, as the designated lead audit partner, to hold office until the conclusion of the Company's next Annual General Meeting in 2023. Mr Roger de Chazal from Ernst & Young Mauritius will be the designated lead partner and Ms Joline Allison from Ernst & Young South Africa will be the designated partner to act on JSE matters. The Audit and Risk Committee has assessed and confirms the suitability of Ernst & Young Mauritius, Ernst & Young South Africa, Mr Roger de Chazal and Ms Joline Allison for appointment in accordance with paragraph 3.84(g)(iii) of the JSE Listings Requirements.

Resolution 4: Remuneration of Auditors

To authorise the directors to determine the remuneration of the auditors of the Company.

Resolution 5: Remuneration of Non-executive Directors

To approve the remuneration of each of the non-executive directors, as follows: the sum of \$20,000 per non-executive director for 4 meetings per annum with non-executive directors each being paid \$500 for every additional meeting held.

Resolution 6: Issue of shares

To authorise the Board, in terms of paragraph 5.1 of the Constitution, to issue a further number of shares, at any time to any person and in any number as it thinks fit pursuant to section 52 of the Companies Act 2001, and if applicable, to the provisions of the SEM Listing Rules and the JSE Listings Requirements provided that such authority shall only be valid until the next Annual General Meeting of the Company.

Notice of annual general meeting

continued

Resolution 7: General authority to issue shares for cash

To authorise the directors of the Company by way of a general authority to issue shares in the capital of the Company for cash, as and when they in their discretion deem fit, subject to the Companies Act 2001, the Constitution, the SEM Listing Rules and the JSE Listings Requirements, when applicable, and subject to the following limitations, namely that:

- a. the shares which are the subject of the issue for cash must be of a class already in issue, or where this is not the case, must be limited to such securities or rights that are convertible into a class already in issue;
- b. any such issue will be made to “public shareholders” and not “related parties”, all as defined in the JSE Listings Requirements, unless the JSE otherwise agrees;
- c. the total aggregate number of shares which may be issued for cash in terms of this authority may not exceed 28,385,178 shares, being 50% (fifty percent) of the Company’s issued shares as at the date of this notice of Annual General Meeting. Accordingly, any shares issued under this authority prior to this authority lapsing shall be deducted from the 28,385,178 shares the Company is authorised to issue in terms of this authority for the purpose of determining the remaining number of shares that may be issued in terms of this authority;
- d. in the event of a sub-division or consolidation of shares prior to this authority lapsing, the existing authority shall be adjusted accordingly to represent the same allocation ratio;
- e. in determining the price at which an issue of shares may be made in terms of this authority, the maximum discount permitted will be 10% (ten percent) of the weighted average traded price on the JSE of those shares over the 30 (thirty) business days prior to the date that the price of the issue is determined or agreed to by the directors of the Company;
- f. an announcement containing full details of the issue, including the number of shares issued, the average discount to the weighted average traded price of the shares over the 30 (thirty) days prior to the date that the issue is agreed in writing and an explanation, including supporting documentation (if any), of the intended use of the funds will be published at the time of any issue representing, on a cumulative basis within 1 (one) financial year, 5% (five percent) of the number of shares in issue prior to the issue; and
- g. this authority shall be valid until the Company’s next annual general meeting, provided that it shall not extend beyond 15 (fifteen) months from the date that this authority is given.

Resolution 8: Non-binding advisory vote on remuneration implementation policy

To endorse by way of a non-binding advisory vote, in accordance with the JSE Listings Requirements and the King IV Report on Corporate Governance, the Company’s remuneration policy, as further detailed on page 22 of the Annual Report.

Resolution 9: Non-binding advisory vote on remuneration implementation report

To endorse by way of a non-binding advisory vote, in accordance with the JSE Listings Requirements and the King IV Report on Corporate Governance, the Company’s remuneration implementation report with regard to the remuneration of executive directors for the year ended 31 December 2021, as set out on page 23 of the Annual Report.

Should either of resolutions 8 and 9, which are of an advisory nature, be voted against by 25% or more of the voting rights exercised, the board of directors undertakes to engage with those shareholders who voted against resolutions 8 and/or 9 in order to ascertain the reasons therefore and to address legitimate and reasonable objections or concerns.

Resolution 10: General authority of the Company

To authorise any Director of the Company or Company Secretary to take all actions necessary or desirable and sign all documents required to give effect to all the resolutions adopted at the Annual General Meeting of the Company.

Notice of annual general meeting

continued

SPECIAL RESOLUTIONS

Resolution 11: Waiver Of Pre-emption Rights

To authorise the Board, in terms of paragraph 5.8 of the Constitution, to issue any further shares proposed to be issued wholly for cash consideration (which shall include a cheque received in good faith or a release of a liability of the Company for a liquidated sum or an undertaking to pay cash to the Company at a further date), without having to first offer such shares to the shareholders in proportion as nearly as may be to the number of the existing shares held by them respectively, provided that such authority shall only be valid until the next Annual General Meeting of the Company.

Resolution 12: Repurchase of shares

To authorize the Board by way of a general authority to acquire shares issued by the Company, subject to the SEM Listing Rules, the Securities (Purchase of Own Shares) Rules 2008 and the JSE Listings Requirements and subject to the following provisions:

- a) any acquisition of shares shall be implemented through the JSE or the SEM and without prior arrangement;
- b) this general authority shall be valid until the Company's next Annual General Meeting, provided that it shall not extend beyond 12 months from the date of passing this special resolution;
- c) the Company is duly authorised by its Constitution to do so;
- d) acquisitions of shares in the aggregate in any one financial year may not exceed 20% of the Company's issued ordinary share capital, or 10% where the acquisition of shares is undertaken by a subsidiary of the Company, as at the date of passing this special resolution;
- e) in determining the price at which shares issued by the Company are acquired by it or any of its subsidiaries in terms of this general authority, the maximum price at which such shares may be acquired will be 5% of the average market value of the Astoria shares traded on the JSE over the ten business days immediately preceding the repurchase of such shares;
- f) at any point in time the Company may appoint only one agent to effect repurchases on its behalf;
- g) repurchases may not take place during a prohibited period (as defined in paragraph 3.67 of the JSE Listings Requirements) unless a repurchase programme is in place (where the dates and quantities of shares to be repurchased during the prohibited period are fixed) and has been submitted to the JSE in writing and published on the SEM's website prior to commencement of the prohibited period;
- h) an announcement will be published as soon as the Company has acquired shares constituting, on a cumulative basis, 3% of the number of shares in issue prior to the granting of the repurchase authority and pursuant to which the aforesaid threshold is reached, and for each 3% in aggregate acquired thereafter, containing full details of such repurchases;
- i) the Board of Directors of the Company must resolve that the repurchase is authorised, the Company has passed the solvency and liquidity test and since that test was performed, there have been no material changes to the financial position of the Company; and

In accordance with the JSE Listings Requirements and the SEM Listing Rules, the directors record that they will utilise this general authority to repurchase shares as and when suitable opportunities present themselves, which may require expeditious and immediate action.

The directors undertake that, after considering the maximum number of shares that may be repurchased and the price at which the repurchases may take place pursuant to the general authority, for a period of 12 months after the date of notice of this Annual General Meeting:

- the Company will, in the ordinary course of business, be able to pay its debts;
- the assets of the Company fairly valued in accordance with International Financial Reporting Standards, will exceed the liabilities of the Company fairly valued in accordance with International Financial Reporting Standards; and
- the Company's share capital, reserves and working capital will be adequate for ordinary business purposes.

Notice of annual general meeting

continued

Explanation of Resolutions:

Resolutions 2.1 – 2.2: In accordance with paragraph 13.4(a) of the Constitution, a third of the non-executive directors appointed under paragraph 13.1 shall hold office only until the following Annual General Meeting and shall then retire but shall be eligible for appointment at that meeting.

Resolution 3: Pursuant to the Mauritian Companies Act 2001, the auditors will be appointed by a resolution of the shareholders.

Resolution 4: Pursuant to the Mauritian Companies Act 2001, where the auditor is appointed at a meeting of the Company, the fees and expenses of an auditor of a company shall be fixed by the Company at the meeting or in such manner as the Company may determine at the meeting.

Resolution 5: The Mauritian Companies Act 2001 requires the remuneration of the non-executive directors to be approved by a resolution of shareholders.

Resolution 6: Shareholders' authority is required for the directors to issue shares to investors. In terms of paragraph 5.1 of the Constitution, to issue a further number of shares at any time to any person and in any number as it thinks fit pursuant to section 52 of the Companies Act 2001, and if applicable, to the provisions of the JSE Listings Requirements provided that such authority shall only be valid until the next Annual General Meeting of the Company. Accordingly, the Directors consider that it is in the best interests of the Company if such authority is granted and the directors are authorised to issue, as they think fit, a further number of shares.

Resolution 7: In terms of the JSE Listings Requirements, shareholder authority is required for directors to issue shares for cash to investors. As a company with a primary listing on the AltX of the JSE, such authority, if granted, allows the Company to issue up to 50% of its issued share capital, subject to the limitations set out in the resolution. The authority shall expire at the annual general meeting to be held in 2022.

Resolutions 8 and 9: In terms of the JSE Listings Requirements and pursuant to the practices of the King IV Report on Corporate Governance, the Company hereby tables the remuneration policy and the remuneration implementation report for a non-binding, advisory vote of shareholders in order to promote fair, responsible and transparent remuneration. Should resolutions 6 and/or 7 be voted against by 25% or more of the voting rights exercised, the board undertakes to engage with the dissenting shareholders to ascertain the reasons therefore and to address legitimate and reasonable objections and concerns.

Resolution 10: This resolution is to authorise any Director of the Company or Company Secretary to take all actions necessary or desirable and sign all documents required to give effect to all the resolutions adopted at the Annual General Meeting of the Company.

Resolution 11: Paragraph 5.8 of the Constitution of the Company requires shares issued for cash to be offered to existing shareholders pro rata to their respective shareholdings in the Company, unless the shareholders by special resolution and the Board by resolution otherwise direct. Accordingly, the Directors consider that it is in the best interests of the Company to seek authority of the shareholders to waive pre-emption rights in order to enable the Company to issue shares for cash without a rights issue. Such authority will apply for a period expiring at the Annual General Meeting to be held in 2023.

Resolution 12: This resolution will afford the Company a general authority to effect a repurchase of the Company's shares, subject to the SEM Listing Rules, the JSE Listings Requirements, the Companies Act 2001 and the Company's Constitution.

The following further disclosures required in terms of the Listings Requirements are set out in accordance with the reference pages in this Integrated Annual Report of which this notice forms part:

Directors' responsibility statement

The directors, whose names are given on pages 11 and 12 of the Integrated Annual Report, collectively and individually, accept full responsibility for the accuracy of the information pertaining to the above special resolution and certify that to the best of their knowledge and belief there are no facts that have been omitted which would make any statement false or misleading, and that all reasonable enquiries to ascertain such facts have been made and that the above special resolution contains all information required by law and the Listings Requirements.

Notice of annual general meeting

continued

Material changes

Other than the facts and developments reported on in this Integrated Annual Report, there have been no material changes in the affairs, financial or trading position of the group since the signature date and the posting date thereof.

- major shareholders of the company (refer to page 74);
- stated capital (refer to page 60);
- Directors (refer to pages 11 and 12);
- Directors' interest in the Company's shares (refer to page 25).

Recommendations

The directors consider that the passing of Resolutions 1 to 12 is in the best interests of the Company and its shareholders as a whole and accordingly recommend that you vote in favour of all the resolutions to be proposed at this year's Annual General Meeting.

Quorum

The quorum for the Annual General Meeting shall be at least 3 shareholders present in person or by proxy should the Company have at least 3 shareholders.

In addition –

the Annual General Meeting may not begin until sufficient persons are present at the Annual General Meeting to exercise, in aggregate, at least 25% (twenty five percent) of the voting rights that are entitled to be exercised in respect of at least one matter to be decided at the Annual General Meeting; and a matter to be decided at the Annual General Meeting may not begin to be considered unless sufficient persons are present at the Annual General Meeting to exercise, in aggregate, at least 25% (twenty five percent) of all of the voting rights that are entitled to be exercised in respect of that matter at the time the matter is called on the agenda. After a quorum has been established for the Annual General Meeting, or for a matter to be considered at a meeting, all the Shareholders forming part of the quorum must be present at the meeting for the matter to be considered at the meeting.

ELECTRONIC PARTICIPATION AT THE ANNUAL GENERAL MEETING

The Company intends to make provision for shareholders and their proxies to participate in the Annual General Meeting by way of telephone conference call. Shareholders wishing to do so:

- must contact Dean Schweizer, the Chief Financial Officer at info@astoria.mu, by no later than 12:00 Mauritian Time (10:00 South Africa Time) on Tuesday, 24 May 2022, to obtain the dial-in details for the conference call;
- will be required to provide reasonably satisfactory identification;
- will be billed separately by their own telephone service providers for the telephone call to participate in the meeting;
- must submit their voting proxies by no later than 12:00 Mauritian Time (10:00 South Africa Time) on Tuesday, 24 May 2022. No changes to voting instructions after this time and date can be accepted unless the Chairman of the meeting is satisfied as to the identification of the electronic participant.

NOTES

As at the date of notice of AGM, the Company's issued share capital consisted of 56,770,357 ordinary shares, carrying one vote each. No shares are currently held in treasury. Subject to any special rights or restrictions as to voting attached to any shares by or in accordance with the Constitution, at a meeting of the Company –

- a. every person present and entitled to exercise voting rights shall be entitled to 1 (one) vote on a show of hands, irrespective of the number of voting rights that person would otherwise be entitled to exercise;
- b. on a poll any person who is present at the meeting, whether as a shareholder or as proxy for a shareholder, has the number of votes determined in accordance with the voting rights associated with the securities held by that shareholder.

A shareholder may be represented at a meeting of shareholders by a proxy who may speak and vote on behalf of the shareholder.

A Form of Proxy is enclosed for your use if desired. To be valid, the proxy form must be completed and reach the Company Secretary at the Company's registered office, at Block 7, Unicity Office Park, Black River Road, Bambous, Mauritius (or by email to info@astoria.mu), for shareholders on the Mauritian Register, or the South African transfer secretaries, JSE Investor Services (Pty) Ltd, 19 Ameshoff Street, Braamfontein, 2001, Johannesburg, South Africa (or by email to meetfax@jseinvestorservices.co.za) so as to arrive by 12:00 Mauritian Time (10:00 South African Time) on Tuesday, 24 May 2022, being not less than 24 hours before the time of holding the meeting.

In the case of joint holders of shares,

- a. if two or more persons hold shares jointly each of them may be present in person or by proxy at a meeting of shareholders and may speak as a shareholder;
- b. if only one of the joint owners is present in person or by proxy he may vote on behalf of all joint owners; and
- c. if two or more of the joint owners are present in person or by proxy they must vote as one.

To direct your proxy how to vote on the resolutions mark the appropriate box on your proxy form with an 'X'. To abstain from voting on a resolution, select the relevant 'Vote withheld' box. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the meeting.

Any Power of Attorney or any other authority under which your proxy form is signed (or a duly certified copy of such power or authority) must be included with your proxy form. In the case of a shareholder which is a company, your proxy form must be executed under its common seal or signed on its behalf by a duly authorised officer of the company or an attorney for the company. If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.

All beneficial owners whose shares have been dematerialised through a Central Securities Depository Participant ("CSDP"), the Central Depository and Settlement Company Limited ("CDS") or broker other than with "own-name" registration, must provide the CSDP, CDS or broker with their voting instructions in terms of their custody agreement should they wish to vote at the Annual General Meeting. Alternatively, they may request the CSDP, CDS or broker to provide them with a letter of representation, in terms of their custody agreements, should they wish to attend the Annual General Meeting. Such shareholder must not complete the attached form of proxy. Any shareholder attending the meeting has the right to ask questions. The Company has to answer any questions raised by shareholders at the meeting which relate to the business being dealt with at the meeting unless:

1. to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information;
2. the answer has already been given on a website in the form of an answer to a question, or
3. it is undesirable in the interests of the Company or the good order of the meeting to answer the question.

Notes to the form of proxy

1. Every shareholder has the right to appoint some other person(s) of their choice, who need not be a shareholder as his proxy to exercise all or any of his rights, to attend, speak and vote on their behalf at the meeting. If you wish to appoint a person other than the Chairman, please insert the name of your chosen proxy holder in the space provided (see over). If the proxy is being appointed in relation to less than your full voting entitlement, please enter the number of shares in relation to which they are authorised to act as your proxy. If left blank your proxy will be deemed to be authorised in respect of your full voting entitlement (or if this proxy form has been issued in respect of a designated account for a shareholder, the full voting entitlement for that designated account).
2. To appoint more than one proxy you may photocopy this form. Please indicate the proxy holder's name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Please also indicate if the proxy instruction is one of multiple instructions being given. All forms must be signed and should be returned together in the same envelope.
3. The 'Vote Withheld' option is provided to enable you to abstain on any particular resolution. However, it should be noted that a 'Vote Withheld' is not a vote in law and will not be counted in the calculation of the proportion of the votes 'For' and 'Against' a resolution.
4. Entitlement to attend and vote at the meeting and the number of votes which may be cast thereat will be determined by reference to the register of shareholders of the Company on Friday, 20 May 2022. Changes to entries on the register of shareholders after that time shall be disregarded in determining the rights of any person to attend and vote at the meeting.
5. The completion and return of this form will not preclude a shareholder from attending the meeting and voting in person. If you attend the meeting in person, your proxy appointment will automatically be terminated.
6. The Form of Proxy overleaf must arrive at the Company Secretary, Clermont Consultants (MU) Limited at the Company's registered office, Block 7, Uniciti Office Park, Black River Road, Bambous, Mauritius, or by email to info@astoria.mu, for shareholders on the Mauritian Register, or the South African transfer secretaries, JSE Investor Services (Pty) Ltd, 19 Ameshoff Street, Braamfontein, 2001, Johannesburg, South Africa (or by email to meetfax@jseinvestorservices.co.za, accompanied by any Power of Attorney under which it is executed (if applicable), no later than 12:00 Mauritian Time (10:00 South African Time) on Tuesday, 24 May 2022. Any forms of proxy not submitted by this time can still be lodged by email to info@astoria.mu prior to the commencement of the meeting.
