# South32

**Operator Mine** 

**Location:** Boddington Job Type: Not Specified

Posted 8 months ago

# Reporting to the Mining Services Supervisor, the purpose of the role is to execute the

The Opportunity

Mine Services daily activities as directed. This role plays an integral part of achieving mining production, development and rehabilitation targets as part of the Boddington Bauxite Mine's business plan. This is offered as a permanent opportunity.

About us

#### South32 is a globally diversified mining and metals company. We produce bauxite,

alumina, aluminum, energy and metallurgical coal, manganese, nickel, silver, lead and zinc at our operations in Australia, Southern Africa and South America. We are also the owner of a high-grade zinc, lead and silver development option in North

America and have several partnerships with junior explorers with a focus on base metals.

Our purpose is to make a difference by developing natural resources, improving people's lives now and for generations to come.

Worsley Alumina is one of the largest and lowest-cost bauxite mining and alumina

refining operations in the world. Worsley manages a bauxite mine, alumina refinery and

We are trusted by our owners and partners to realise the potential of their resources.

port operations in Western Australia's South West. Location

This is offered as Permanent full-time based at the Worsley Boddington Bauxite Mine

(BBM). BBM is in a fantastic region with several great country towns in the region to choose from to call home. Enjoy fresh country air, the open space of Boddington Shire, with great infrastructure, schooling, sporting clubs and a thriving community. The region is only 80 minutes South of Perth and only 60 minutes from the coast. **Accountabilities**
